“Computer punch cards were the high-tech way to register through the mid-1970s. Long lines and frayed nerves didn't help as students scrambled to find the class they wanted.”

Source: www.uh.edu/75years
Printed course catalogs and telephone self-service were the high-tech way to register through the mid-1990s.
Self-Service Through Time – Today

The Internet has changed the way students can complete many of their enrollment and financial transactions!
