Expertise and Services
Elite Image Tax and Notary Service, LLC (EI) provides comprehensive accounting, tax consulting and tax preparation services to help businesses meet their financial needs. EI has extensive experience in strategic administrative and back-office support to meet all components of contract compliance.

Our focus on communication and accessibility sets EI apart from our competitors. We bring 24 years of accounting and tax experience to our clients.

Our services allow business owners to manage their finances and be secure in their compliance with tax laws and audit procedures. We support businesses’ financial growth by helping firms meet all compliance requirements.

Qualifications

Tax Preparation
As an IRS-registered tax preparer, EI provides local, state, and federal tax services to companies of all sizes.

Auditing Services
EI has experience in performing both internal company audits and external audits, for companies, associations, and government entities, such as the City of Houston and METRO.

Administration and Financial Services
We provide a wide range of financial contract management services, including risk assessments, certified payroll, and full accounting services.

Small Business Tax Training
Small business owners know that sound accounting and compliant tax practices are critical for a company to be successful. But accomplishing this is a challenge for many entrepreneurs. Using real-world examples, EI teaches business owners how to implement simple, reliable accounting practices—to enable them to confidently meet federal and local tax requirements and all applicable standards.

**Capability Statement**

Founded in 2004, MyNewMama.com, is a privately held, certified Historically Underutilized Business (HUB) located in Sugar Land, Texas. We provide branding services specializing in the art of storytelling. The best brands are built on great stories. From a very young age we all loved listening to stories. A story is how Starbucks created a whole new coffee category and elevated itself above its competitors. That story is the reason why people drive pass Dunkin Donuts and 7 Eleven on the way to pay three times more for a cup of coffee every morning. We create this same type of magic by helping brands tell their story in a memorable way. Good stories surprise us. They have compelling characters. They make us think, make us feel. They stick in our minds and help us remember ideas and concepts in a way that numbers and text on a slide with a bar graph don’t.

**Core Competencies**

**Past Performance**

**Houston Chronicle Newspaper**

MyNewMama.com’s CEO, Nicholas Cole, an award-winning journalist, provided the Houston Chronicle (one of the nation’s oldest and most respected publications in America) with more than 30 business-related news feature articles, profiling and telling the story of businesses in the Houston community.

**The Houston Business Journal**

MyNewMama.com completed a variety of business feature articles for The Houston Business Journal. Topics ranged from federal, and state issues to local feature stories within the medical oil & gas, and small mom and pop shops.

**RAC Houston Conference Center**

MyNewMama.com has provided RAC Houston Conference Center with weekly custom written blog posts for the past 12 months. RAC Houston Conference Center received Houston’s Top 100 Fastest Growing Businesses. The company also ranked on last year’s list of the Fastest-Growing Women-Owned Businesses.

Industrial Solutions is committed to providing the highest quality of services, at competitive prices which meet or exceed our customer requirements, by and through continuous improvement and timely delivery of products, all as a result of ongoing communication with customers, vendors and employees.

We offer savings on all items from each of the following catalogs and more: Grainger, McMaster-Carr, MSC Industrial Supply, Global Industrial, C & H and many more. We guarantee price savings beyond the “national” discounts offered by large catalog companies.

Because we understand the issues, delays and roadblocks, of today’s procurement process, Industrial Solutions has been structured in a very unique manner to provide the best purchasing options for our customers. We don’t pay warehousing cost, inventory management cost, inventory taxes, store front cost, etc. and therefore our approach is DIFFERENT. We do all that we can to reduce those cost, so we can give you better pricing without sacrificing availability.

Our philosophy is to offer a competitive alternative to the traditional catalog procurement process without losing the “ease of use” of catalogs. Our system recognizes these large catalog company’s part numbers, so purchasing agents can utilize their end users favorite catalog. Then, our unique flexibility allows us to go find the best pricing, often purchasing direct from the manufacturer. Industrial Solutions deals with hundreds of different companies to ensure best pricing and availability. In addition we can reduce the number of purchase orders generated by your company because we can combine these different catalog part numbers on to one purchase order.

As a HUB and small business, Industrial Solutions has dedicated itself to remain flexible, efficient and dependable. Our goal is to deliver you the products you need at the prices that save you money, while helping to achieve your small business/woman-owned participation goals.

LCD Concepts, Inc., a woman-owned small business, WBE, certified State of Texas HUB, and METRO SBE, is a provider of custom, industrial-grade Flat Panel LCD Displays and Panel PC’s and resellers of Interactive Displays and Sound Masking Privacy Systems. We have 34+ years’ experience building high-performance products for rugged and harsh environmental conditions and extended temperatures for industrial, military, oilfield, and entertainment applications. LCD Concepts specializes in custom innovative state-of-the-art designs.

Interactive Multi-Touchscreen and Video Conferencing Displays are designed to enhance presentations and collaboration for gatherings in any conference or classroom style setting. Virtually everything to visually present, capture, save, and share – “ideas at your fingertips” - all in a single device. Display sizes of 55”, 65”, 70”, 80”, 84” and 96”. Tomorrow’s meeting, training, and conferencing technology today.

Sound Masking Systems protect speech privacy and reduces noise distractions for open-plan offices, closed offices, call centers, or any business or organization where privacy and productivity is crucial. The unobtrusive background sound replicates the sound of airflow which makes the structured sounds of human speech less intelligible. Achieving voice privacy in the workplace is no longer just an important consideration—it’s essential.

Most organizations would agree that they would rather spend more time concentrating on their business than on figuring out what to do with their technology and how to align it with their critical business objectives. Inefficient manual processes and redundant systems that don’t talk to each other are all too common.

EIX Systems can help. Regardless of your company size, existing legacy systems, or the framework and compliance standards that you follow, EIX Systems Consultants can help you with your IT systems and help you automate your business processes.

Big Savings, Best Practices, and Unique Expertise

Trying to solve all of your IT challenges internally can become a major distraction, and other aspects of your business can suffer. EIX’s technology expertise and in-depth understanding of business processes equips our consultants with the knowledge to tackle complex situations encountered during each stage of the business life cycle. Our engagements result in improved business operations, better cost and resource efficiency and a distinct advantage over the competition.

CAPABILITY STATEMENT

Introduction
Womack Development & Investment Realtors (WDIR) is a licensed, full-service real estate firm, in good standing in the State of Texas and the Texas Real Estate Commission, designed to deliver professional real estate services in all areas of real estate development and investment. These services include, but are not limited to, acquisitions, leases, sales and appraisals of real property, as well as tenant representation, zoning and land use analysis.

WDIR's market leadership is founded on the ability of its personnel to comprehend client needs thereby delivering services of maximum benefit. We pride ourselves in providing quality, professional services that are clearly and consistently the best, as judged by our clients. We are committed to and proactively operate from a strong sense of fiduciary responsibility to our clients, while delivering superior service with outstanding results.

WDIR conducts its business fairly, impartially, in an ethical and proper manner, in accordance with the company's values and Code of Conduct, and in full compliance with all laws and regulations. In the course of conducting company business, integrity must underlie all company relationships, including those with customers, suppliers, communities and among our employees.

Experience
With over twenty-five (25) years of experience and contact in our regional market, our firm is the oldest full service minority real estate firm in the greater Houston metropolitan area. Our in-house professionals bring a broad background to all transactions. We believe our experience has given us a wide array of the real estate choices and enhanced our ideas of work through a diversified stance. While our primary focus remains on client representation, we have broadened our strategy to include the areas of development, redevelopment, property management, industrial real estate with an expansion of our office leasing / acquisition business.

We believe our size gives us strategic advantages. It creates efficiencies by allowing us to provide the needed attention to detail within a small core group of operatives. This allows for direct, consistent information flow between all parties concerned. WDIR is considered to be an integral part of the community we are located in. We are also quite proud of having developed a strong diverse network within the community. We have established a proven track record for providing solutions to our client’s real estate needs and the community overall.

Performance
Our Team approach offers unsurpassed performance in a full scope of real estate and corporate services. Our office is a technology leader, recognized as successful pioneers and users of the latest marketing technology in the real estate industry.

WDIR has a long history of creating value for its clients. From our inception, we have provided a unique service with an extreme sense of performance. We continue to deliver strong core strategic advice while taking a long term view for the client. We have designed our business to continue performing throughout the cyclical nature of the real estate business. Our repeat client base is a pronouncement of our ability to maintain a superior rating in service deliverables, an aptitude toward accurate complete work assignments and core competence for meeting and exceeding stated expectations.

Mission Statement
WDIR is committed to:

- Excellence in service to our clients
- Strong business development opportunities
- Strengthening of our community through proactive involvement and continuous leadership
- Developing long term beneficial partnerships through mutual respect
- Providing focused, timely deliverables in all project management
Capability Statement

Core Competencies

Elite Protective Services, LLC is an enterprise with the goal of capitalizing on recent changes in the private security contract industry created by mergers and acquisitions of the few quality providers that formerly operated in the Houston and Southeast Texas market. This industry cycle has resulted in a significant number of customers becoming dissatisfied with choices currently available in the marketplace. Our services are “Anchored in Integrity.” Elite Protective Services will serve as a provider who offers exceptional customer service, carefully screened and trained personnel, and will build strong customer relationships through individual attention to each customer’s unique demands. Our Superior Services include Quality Concierge & Courtesy Officers, Security Patrols & Monitoring and Investigations & Personal Protection.

Past Performance

- **Edison Plaza**, Tessa Sterling – Property Manager, Albanese Cormier Property, Office – (409)892-0200.
- **St. Clair Condominiums**, 1111 Bering, Houston, TX 77057, Tiffany Hodges – On-Site Manager, (713) 975-6246.

Differentiators

In order to differentiate our services from that of competitors, we provide efficiently trained officers, quick response and professional personal attention to our clients.

- We offer additional training and certification. In addition to the standard on-the-job training (OJT), we will require additional hours of (OJT), updated and semi-annual review of post orders for each site, and random on-site inspection by our management team, which includes review of security training, employee policies, and site procedures. Other companies usually deal in quantity not quality. Smaller businesses limit training to meet the need of prompt coverage of the site. Each client has distinct needs and distinct purposes. Elite provides each client with a specialized security plan to ensure results. We have developed a marketing and operational strategy that will offer the client the type of service their individual site needs at a cost that is reasonable and competitive.

Company Profile

Founder & CEO Christy Prescott started CTP in 1991 as a one-location San Antonio venture. More than two decades later and still under Mrs. Prescott’s leadership, CTP has become one of the largest women-owned full service travel management companies in Texas and among the top 50 in the nation. CTP’s position in the marketplace is exclusively based on a commitment to excellence, the diversity of services offered and unparalleled customer service which allows us to be a comprehensive travel planning solution.

In early 2012, CTP came under the umbrella of Travel Leaders Group. Through this relationship with Travel Leaders, CTP has become a unique mix of local and global. Travel Leaders’ North America sales in 2011 exceeded $7 billion, from a network of 462 locations throughout the United States. Travel Leaders successfully partners globally in over 80 countries in 1,300 locations and has a global purchasing power of $19 billion. This robust purchasing power translates into strong negotiating leverage directly benefiting our clients. However, our CTP office has been independently owned and operated for 21 years and is staffed by 70 dedicated business travel professionals. CTP has deep and rich ties to the San Antonio, TX community while also maintaining a healthy $19 billion in global purchasing power – essentially giving our clients the “best of both worlds”.
