At Marble slab, we underline the fact that we are the freshest ice cream on earth. How do we know? Well, we locally source all of our dairy products directly from local dairies. For instance, some of our competitors only buy cream in a can; but we take too much pride in our frozen treats to serve anything from a can.

Not only do we serve ice cream made with fresh ingredients, we also make all of our ice cream directly in our stores! If that’s not enough to convince you that Marble slab is the best, we even offer unlimited mix-ins for free.

At Great American Cookies, our goal is simple: to bake the best cookies ever made. Using premium ingredients in every freshly baked treat, and offering excellent customer service, we guarantee products that are not only delicious but also delight to enjoy.

In 2018 we plan to expand product offerings to include property and casualty products, both residential and commercial.

We have served as consultants to law firms whose clients are small business owners to keep them informed of legislation and departmental rules pertinent to their businesses.

When illnesses and injuries are caused by another party, and the ill/injured person has or is likely to become eligible for Medicare, the Medicare Secondary Payer Act 42 U.S.C. §1395y and 42 C.F.R §411.20, et al (“the MSP”) provides for Medicare to take the position of a secondary payer. The liable party could be an employer and its workers’ compensation insurance carrier or a liability insurer as set forth in the MSP. The purpose of the Medicare Set-Aside arrangement (MSA) is to provide funds to the injured party to pay for future medical expenses that would otherwise be covered by Medicare, known as qualified medical expenses. If the injured party incurs qualified medical expenses that exhaust the anticipated set-aside sum, Medicare will pay for allowable expenses in excess of the properly exhausted MSA funds. By establishing a Medicare Set-Aside Account, parties to a settlement Medicare’s interest and comply with the MSP. A Medicare Set-Aside consultant examines medical records, life plans and other documents to anticipate future medical services and determine the amount to be set aside for those qualified medical expenses.

Differentiators

- We are the number one solution provider of migrations’ services from On-Premise-to-the-AWS Cloud for Oracle PeopleSoft Solutions.
- We had the first operational PeopleSoft Test Drive available for AWS, which provides customers the ability to evaluate a private and customized PeopleSoft environment running on the Amazon Web Services Cloud.
- We also offer innovative consulting services that fill the gap that has existed in the delivery of client services for years. Our range of service options are a combination of the traditional delivery method, coupled with a web-based subscription that provides a more tailored, cost-effective solution.
- DLZP Group has established relationships and access to over 100 talented Oracle and PeopleSoft consultants that can be utilized to perform full-time or on-demand consulting work for our clients.
- Most of DLZP Group’s customers are on our Subscription Plan that provides on-going support and maintenance for their PeopleSoft applications.

Why Choose Wayne?

As a leader in the industry, Wayne Enterprises, Inc. has supplied uniforms, PPE, incentive programs and promotional products for over 30 years. We pride ourselves in providing quality products along with one-on-one sales and customer service support. Wayne Enterprises has remained a family-owned and operated business since we opened our doors in 1982, with our corporate office and warehouse located in Houston, Texas, and our Permian Basin facility in Midland, Texas.

With over 100,000 square feet, our office and warehouse facilities are second to none in organization and technical abilities. It is within these facilities that we maintain a large inventory to fulfill our customers’ programs as well as house our embroidery and customization departments, where we have over 100 heads of state of the art direct embroidery machines. This allows us the ability to supply custom branding for our customers, which includes everything from detailed logos to patches and reflective striping.

We believe that both our commitment to bettering ourselves and servicing our customers has provided us with the growth we have experienced. At Wayne Enterprises we are committed to our customers and are dedicated to building long term relationships with them.

Our customer base includes some of the largest names in Industry including Patterson-UTI Energy, Edison Chouest Offshore, Transocean, Rowan Companies, Exxonmobil and Kansas City Power & Light. Some of our longest standing customers include M-I Swaco since 1983, Transocean since 1986 and Patterson-UTI Energy since 1988.

We are committed to providing superior service with a superior product line, and we will ensure that you will pay a competitive price based on that level of service. We proudly display our Quality Policy throughout our facilities which states, “We will provide products and services which meet our customer requirements the first time, every time.” We appreciate the opportunity to be of service to you and look forward to our continued partnership.

What We Do:

- PPE
- Uniforms
- FR Apparel
- Incentive Awards
- Corporate Apparel
- Promotional Products

With our custom online capabilities we can create an online site to serve your PPE needs. Whether you are in need of a way to manage your uniform spend or your safety footwear program, we are here to ensure that your employees have everything they need to work safely while minimizing your administration. Our online programs offer 24-hour access for product information, order placement and tracking. We understand that when it comes to your uniform and PPE needs the only thing that truly matters is that your employees are properly outfitted so that they can focus on what is really important to you: working and working safely. We can show you how to accomplish this with a custom online allotment program.

We also understand the importance of retaining valued employees. We can help you reduce the burdening costs of replacing employees by providing well-designed recognition programs that give your loyal employees the recognition they deserve.

***Please visit the Online Programs section at www.wayne-ent.com for more information***
Our Mission:

To provide a secure document disposal service that will protect our clients from identity theft and fraud. It is our goal to ensure quality service, support, and security within (24-48) hours of a client’s request.

A1 Shredding services the Greater Houston and surrounding areas. We have experience in secure product destruction as well as the shredding of microfilm, microfiche, credit cards, computer tapes, hard drives, uniforms, vehicle tires, x-rays and other forms of media storage.

A1 Shredding has the latest state-of-the art technology to assure you that your confidential information remains confidential. As your first line of defense against identity theft each document is shredded into 5/16” of an inch. This systematic secure process is performed on your premises. To insure your information’s destruction, you are welcome to observe the process.

Our Services:

Security: On-site document destruction that is secure and convenient. Our employees are bonded for your peace of mind and ours.

Efficiency: Our equipment is state-of-the art which allows your cost of shredding to be reduced by 25%.

Locking Bins: These secure bins can be placed throughout your facility for your convenience.

Bringing the “3rd Bricklayer” Attitude to Signage since 2004

Imagine walking up to 3 bricklayers working side-by-side. You ask each bricklayer, “What are you doing?”

The first bricklayer gruffly answers, “I’m laying bricks.” The second replies, “I’m building a wall.”

The third bricklayer says enthusiastically and with pride in his voice, “I’m building a cathedral where people will gather in celebration and reverence.”

Now imagine each works for a different sign company. Which one do you want working on YOUR project??

“Whatever your needs no one succeeds like Signs of Success.”
