Choose ONE from the UH core approved list. Must be taken at the University of Houston.

The College of Pharmacy strongly encourages early contact with UH Pharmacy advisors to keep students on track from the beginning of their college studies.

UH

Admission to the *Professional* program is highly competitive. Students should go to www.uh.edu/pharmacy for details about requirements and admissions criteria. Application into the Professional program must be submitted and the PCAT exam taken before the January 7th deadline. Pre-Pharmacy students may still complete courses in spring and summer semesters of application year (excluding math and science courses in summer).

- The Pre-Pharmacy program at UH prepares students for admission into the Professional Pharmacy program. The specific requirements for Pre-Pharmacy are: Students with 15+ hours must have a 2.75 GPA in all course work attempted and a 2.75 in all science and math courses attempted. Additionally, students with 15-29 hours must have completed at least one math or natural science (M or S) course listed above—students with 30-60 hours must have a 3.0 GPA and completed two M or S—students with 60+ hours must have a 3.20 GPA and have completed three M or S.
- Even if a student is "Core Complete," they may be required to take additional courses at UH before entering the Professional program.
- Students who currently attend UH should refer to their departmental advisor BEFORE taking courses at another college.
- Course listed above are *suggested* courses for this program. Other courses in combination may apply to a degree.
- For UH core approved list, go to: http://www.uh.edu/academics/catalog/policies/degree-reqts/current-core/core-requirements-by -category/index.php
- Course Transfer Guide for other four year schools: http://www.uh.edu/pharmacy/prospective-students/prepharmacy/coursetransfer-quides/index.php
- ** This requirement will be waived if student transfers to UH "Core Complete" or obtains a baccalaureate or higher from a regionally accredited US college/university
- ^^ This requirement is waived for students who have completed two semesters of high school physics.
