1. **DATE:** 7/27/2018

2. **ITEM:** GSB Security Fence

3. **REQUESTING DEPARTMENT:**
   Facilities & Construction Management

4. **CONTACT NAMES & PHONE NUMBERS:**
   Jeff Benjamin  713-743-6439

5. **PRESENTER:**
   Jeff Benjamin

6. **RECOMMENDATION/ ACTION REQUESTED:**
   GSB currently has a security fence that has fallen into significant disrepair. In addition, we have experienced a number of trespassers and pilfered items over the last few years. This project will address both of these issues, but expanding slightly the area encompassed by the fence, installing access gates, and creating a secure perimeter along the I-45 Access Road Corridor.

7. **SUMMARY:**
   Demo existing dilapidated fence and replace with new fencing along with two access gates and remote access system.

8. **PROPOSED START DATE:**
   September 2018

9. **SUPPORTING DOCUMENTATION:**
   See attached presentation.
New Concrete Pad, Approx 18,700 SF

INSTALL NEW CONCRETE PAD
APPROX. 18,700 SF

Concrete Pad repair, Aprox. 12,200 SF
REPAIR EXISTING CONCRETE PAD
APPROX. 12,200 SF

Crushed Concrete, Approx. 8,729 SF
CRUSHED CONCRETE
APPROX. 8,729 SF

EXISTING GATE TO BE REMOVED

New gates to be installed (2)
CARD READER (1)
GATE REMOTE ACCESS (1)

Trees and stumps to be removed
(Aproximate amount of trees = 11)

Existing Fence to be removed. Approx. 683 LF

Existing Gate to be removed

Proposed Fencing, Approx. 1,280 LF (Chain link fence to match existing)

Wooden utility poles and lines to remain
