

Executive Leadership/Construction Group

September 30<sup>th</sup>, 2010 – 1:30pm

AGENDA

Campus Master Plan – Research Space

- Design Lab update of research space in the College of Engineering
- Review of Design Lab findings regarding research space
  - Data issues regarding FAMIS
  - No clarity regarding ownership of research space
  - Lack of management of research space
  - Lack of budget to maintain and renovate research space
  - Lack of policy regarding sunseting PI's (without grants) use of research space
  - Need to find research space for growth
- Creation of work groups to respond to Design Labs findings
- Establish communication between Provost Advisory Group and Research Council regarding the development of research space policy
- Preliminary discussion of the items for the next BOR Facilities Committee agenda
