Two-Week Parking Grace Period

To ease in the new semester the Parking Enforcement department offers students an introductory two week permit grace period. Students who have not received their parking permit will not be issued a citation when parking in Student or Economy lots through February 1, 2009. All other parking regulations will be enforced as normal, so permit violators will be issued citations if parking in Handicap, Resident Hall Exclusive and Faculty/Staff lots. On February 2, 2009 all vehicles on campus will be required to have a permit.

Students without current Annual or Spring permits are urged to order their permit online through MyUH (PeopleSoft) as soon as possible in order to receive their permit before the enforcement deadline. For instructions visit the University Parking and Transportation website (www.uh.edu/parking).

Questions about parking during this temporary program should be directed to the Parking & Transportation office at 713-743-1097 or emailed to parking@uh.edu.
