Finishing Up the Summer Parking Lot Maintenance

The summer lot maintenance projects are finishing up for the fall semester. As we welcome students to campus they will be experiencing all kinds of resurfaced lots and more defined spaces all over campus. Keeping the lots as even and smooth as possible for our daily commuters to campus is our goal. This year's summer lot maintenance will help ease your passage in and around campus.

To help assist with the upcoming changes to the campus parking lots, we will have officers posted around campus at strategic locations to assist you in locating available parking. To better your commute to campus we recommend that you arrive early or find alternate transportation (i.e. metro, car pool and/or van pool).
