CLASSROOM AND BUSINESS BUILDING
SIDEWALK CLOSURE

Houston, Texas, November 9, 2011 – On Friday, November 11, 2011 thru March 12, 2012, there will be a sidewalk closure for CBB Sitework and Landscaping plan. Linbeck (contractor) will be relocating their current construction fence and have temporary sidewalks closure for the Classroom and Business Building Project (attached). This fence relocation is necessary for landscape and sitework for the project.

- The Phase 1 area of construction as shown on the attached drawing will occupy the space between UH CBB and Melcher Hall from November 11, 2011 through March 12, 2012.
- The phase 2 area of construction includes the sidewalks that lead to Melcher Hall as shown on the attached drawing. These sidewalks will be demolished and re-installed during the winter break (December 19, 2011 – January 13, 2012). There will be no public access to these sidewalks during this time, thereby limiting access of Melcher Hall to the Southwest area of the rotunda.
- UH will remove the existing crepe myrtle trees on or about Tuesday, November 15 for relocation to another area of campus.
- UH will remove and relocate the existing concrete tables.

Phase 1 Completion is expected March 12, 2012.
Phase 2 Completion is expected January 13, 2012.

Please contact Bernie Harless, Project Manager, if you have any questions related to this project at bharless@uh.edu or by phone at 713-743-8049.

About the University of Houston

The University of Houston is a comprehensive national research institution serving the globally competitive Houston and Gulf Coast Region by providing world-class faculty, experiential learning and strategic industry partnerships. UH serves more than 38,500 students in the nation’s fourth-largest city, located in the most ethnically and culturally diverse region of the country.
