ERP ROUTE – I-45 TEMPORARY DETOUR ROUTING

Houston, Oct. 27, 2011 – Due to temporary road construction along the southbound I-45 access road near Energy Research Park, the ERP route has been rerouted.

After making all stops at Energy Research Park the ERP route will exit ERP and proceed straight, crossing over I-45. The route will then intersect with Telephone and rejoin the normal route at I-45. This detour will not impact the timings or stop locations for the ERP route.

Arrival time predictions for all Cougar Line shuttle routes are available via NextBus at www.uh.edu/cougarline. For more information on this detour, or other Cougar Line questions, please contact Parking and Transportation Customer Service at 713-743-1097, or by emailing parking@uh.edu

About the University of Houston

The University of Houston is a comprehensive national research institution serving the globally competitive Houston and Gulf Coast Region by providing world-class faculty, experiential learning and strategic industry partnerships. UH serves more than 38,500 students in the nation’s fourth-largest city, located in the most ethnically and culturally diverse region of the country.
