UH COMMUNITY ENCOURAGED TO UPDATE EMERGENCY INFORMATION

Houston, March 7, 2014 — The University of Houston Emergency Operations Center is the single resource for up-to-the-minute information about campus emergency incidents.

Students, faculty and staff can view updates at www.uh.edu/emergency.

Those who have not already done so this semester should update their cell phone, home phone and text message information at myUH system.

To ensure that emergency email notifications and text messages are received, verify information in the myUH system (faculty/staff instructions | student instructions).

The UHEOC Emergency Alert system is used to alert the UH community of emergency situations and class cancellations or delays.

Check your information at www.uh.edu/emergency!

About the University of Houston

The University of Houston is a Carnegie-designated Tier One public research university recognized by The Princeton Review as one of the nation’s best colleges for undergraduate education. UH serves the globally competitive Houston and Gulf Coast Region by providing world-class faculty, experiential learning and strategic industry partnerships. Located in the nation’s fourth-largest city, UH serves more than 39,500 students in the most ethnically and culturally diverse region in the country.
