1. PURPOSE

The University of Houston System and its component institutions ("University") are committed to maintaining a positive educational and working environment that is free from conflicts of interest, favoritism, and exploitation. This policy addresses dating, intimate, romantic, and/or sexual interactions that, although consensual, may create actual or perceived conflicts of interests, or create the possibility for exploitation or favoritism.

The University recognizes that consenting individuals associated with the University should generally be free to enter into personal relationships of their choice. However, such relationships must not risk undermining the essential educational purpose of the University or risk undermining the workplace and learning environment.

Accordingly, this policy prohibits inappropriate consensual relationships as defined in Section 2.1 below. This policy is applicable to any employee, including staff, faculty, and students at the University.
