I. PURPOSE AND SCOPE

This policy has been established to comply with the Parental Leave provisions of the State General Appropriations Act. The policy prescribes the leave benefits available to all faculty and staff employees who meet the eligibility requirements defined in section III of the policy.

II. POLICY STATEMENT

A. The State of Texas extends the leave benefits of the Federal Family and Medical Leave Act for the following qualifying events to employees who have worked for a period of less than 12 months for the State of Texas and fewer than 1,250 hours for the University of Houston. These employees are not, therefore, eligible for family and medical leave. Leave taken for the following events must be reported as parental leave:

- The birth of a child to the employee and the care of the newborn.
- The placement of a child under three years of age with an employee in connection with the adoption or state-approved foster care of the child.

The eligible employee is entitled to a maximum of 12 weeks of approved parental leave in a year, as defined in this policy. The employee may take a shorter leave. Employees who meet the eligibility requirements of family and medical leave are entitled to benefits under MAPP 02.02.01, based on length and hours of employment.

B. The policy of the University of Houston System and its components is to ensure equal opportunity in all its educational programs and activities, and all terms and conditions of employment without regard to age, race, color, disability, religion, national origin, veteran’s status, genetic information, or sex (including pregnancy), except where such a distinction is required by law. Additionally, UH System prohibits discrimination in all aspects of employment and educational programs on the basis of sexual orientation, gender identity, or gender expression. For the UH System’s Official Non-Discrimination Statement, see SAM.01.D.05 – Equal Opportunity and Non-Discrimination Statement.

III. DEFINITIONS

A. Child: For the purposes of parental leave, a biological, adopted, or foster child under three years of age.

B. Eligible employee: Any employee who:

- Has worked for the State of Texas for a period of time less than 12 months; and
• Has fewer than 1,250 hours actually worked for the University of Houston in the 12 months immediately preceding the qualifying leave.

Note: An employee in a position in which he or she is required to be a student as a condition of employment is NOT eligible.

C. Year: Twelve months measured forward from the first date parental leave begins.

Other applicable definitions may be found in MAPP 02.02.01, Family and Medical Leave.

IV. PROVISIONS

A. An eligible employee must use all applicable accrued paid leave (including sick leave and vacation) while taking parental leave. The use of accrued sick leave is, however, restricted to those circumstances that would otherwise qualify the employee for sick leave usage under state law and university rules and regulations governing the use of sick leave (UH System Administrative Memorandum (SAM) 02.D.01). The employee must use accrued compensatory time, instead of unpaid parental leave. Any Fair Labor Standards Act (FLSA) compensatory time (1.5) taken may be counted against the employee’s 12-week parental leave entitlement.

B. Employees with less than six months of continuous employment with the State of Texas are not eligible to take vacation.

C. A leave of absence extends the probationary period of employment.

D. Parental leave may start no earlier than the date of birth of a natural child or adoption or foster care placement of the child.

E. Except under the conditions outlined in MAPP 02.02.01, employees returning from approved parental leave must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

1. An employee offered an equivalent position who chooses to decline the position waives any rights to reinstatement.

2. An employee who believes that a position offered is not an equivalent position is entitled to file a grievance under the University of Houston Grievance Policy, MAPP 02.04.01.

F. Other provisions relating to leave for birth, adoption, or foster care of a child under family and medical leave apply also to parental leave. Those provisions may be found in MAPP 02.02.01.

V. APPLYING FOR PARENTAL LEAVE

A. All requests for parental leave must be submitted on the Application for Family and Medical Leave prescribed by the Human Resources Department and accompanied by the written statement certified by the health care provider. The required forms are available in the HR Service Center of the Human Resources Department as well as on the HR Web site (http://www.uh.edu/human-resources/forms/index.php). “Request for Parental Leave” should be noted at the top of the application form.
B. The employee is responsible for submitting both required forms to the HR Service Center at least 30 calendar days in advance of the leave where possible. The department does not view the physician’s certification; the employee is responsible for informing his/her department of the request, and Human Resources will confirm the request’s receipt with the employee’s department.

C. Full information must be provided as outlined in MAPP 02.02.01.

D. To request leave based on the adoption or placement of a child, a copy of the legal orders of adoption or placement is required.

VI. INSURANCE PREMIUM BILLING

A. When parental leave is without pay, provisions related to the procedures to be followed for insurance premium billing under family and medical leave (Section VI of MAPP 02.02.01) are the same for parental leave, except that the Electronic Personnel Action Request (ePAR) shall indicate "Parental Leave" in the "Remarks" section.

B. The Employee's Retirement System of Texas (ERS) must be contacted within 30 days of the birth/adoption/placement to include the new baby/child in the employee's insurance coverage either by telephone or online at http://www.ERS.state.tx.us.

VII. EMPLOYEE REPORTING REQUIREMENTS

The employee requirements for reporting parental leave are the same as those outlined in Section VII of MAPP 02.02.01 for family and medical leave.

VIII. EMPLOYEE REQUIREMENT FOR RETURN TO WORK

A. Upon return to work, an employee who has been on approved leave for equal to or more than three days based on the employee’s serious health condition (i.e. childbirth) will be required to present to the supervisor a doctor’s release certifying fitness to return to work. This requirement does not apply to the father or adoptive/foster parent taking parental leave.

B. A request to return to duty with restrictions will be considered on a case-by-case basis, based on the needs of the department and the essential functions of the job.

IX. RECORD KEEPING

Record keeping requirements for parental leave are the same as those for family and medical leave as outlined in Section IV of MAPP 02.02.01, except that leave should be designated as parental leave on all payroll documents.
