I would like to thank everyone for putting forth a solid effort for keeping APO DO on a ride to the top. I would really like to thank my e-board for putting up with my busy hectic schedule and pulling through when I needed them the most. Munji and Ujval did a great job with building a diverse service program for our wide array of brothers, while Tommy provided us with a number of fellowships, while at the same time put together a stellar banquet with his banquet committee. Aditi and Vickie did a wonderful job with the treasurer position by keeping up with the Texan’s games and keeping accurate records while auditing our chapter’s finances for the past year and a half with the help of Brent. Steve was always a great help with updating the website and making himself available for every Texan’s game. Finally I would like to thank Adriana and Bobby for a pledge class that is one for the record books, they kept the pledge class together while fending off the slings and arrows from brothers, the e-board, and the pledge class as well. Next semester is looking strong with our new e-board and new president, and I wish my brothers the best of luck.

Another outstanding semester for APO!

I would like to thank brother Belton for his 20 years of service with the Delta Omega chapter. We have had our ups and downs throughout the years, but brother Belton has always been there to weather the storm and guide us to success. -Derrick English

Thanks Belton

Cheers

As pledgemaster for the Westlake pledge class I just want to say a few things to both pledges/new members and actives. First off, thank you to the actives for electing me into this position as pledgemaster. It meant a lot to me and I truly enjoyed this semester, I learned a lot from the position and I definitely have more room to grow. There are a few actives and alumni (they know who they are) who helped me out a lot and I want to give them a BIG BIG thanks because I don't know what I would've done without them. To the pledges/new members, I love you guys so much. I loved being apart of you guys, even if it meant getting random phone calls at 3-4 in the morning asking me about pledgebooks or grading quizzes with RIDICULOUS answers ie FRH buried under the eternal flame. Even though you may not know it, you guys taught me even more about what it is to be of Leadership, Friendship, and Service. I am very proud to call you all my brothers and I love you guys from the bottom of my heart. So for one last time.....

In LFS,
Adriana (Yo Pledgemomma)

It has been quite a semester...

From erupting cockroach piles to scary haunted houses that put even a few brothers out of their wits. I have really enjoyed the opportunity my brothers have given me to serve the fraternity. I appreciate your support more than you shall ever know. When I took on this higher position of leadership, I can honestly say I didn’t know what I was getting myself into, but with guidance and support from the brotherhood service this semester has reached a new level. We now have a more stable project base along with some new and exciting opportunities that we participated in this semester and which are also on the horizon. I believe that this semester is the beginning for making a true difference in all levels of service. I hope that with continued support from my brothers we will continue to reach higher levels of service to our campus, community, nation, and to the members of Delta Omega.

SVP Fall 2006
MVP Report: This year was exciting

Being Membership vice president was a really fun officer position. I really got to know a lot of my brothers during the fellowships we had. I am a very competitive person so that’s why most of the fellowships were games. We had bowling, flag football, dodge ball, eating contest, big booty big booty big boooottyy, and many more. Just to have some friendly competition I normally set up the fellowship pledges vs. actives. The pledges fought hard (not really) and the actives won every fellowship this semester. Being MVP really is all fun and games except when it came to banquet. Fall banquet 2006 was the biggest banquet Delta Omega has had, with over 40 APO brothers and additional 40 guests; this year’s banquet was a lot of hard work. I hope everyone had a great time, it seemed like everyone had fun, even during the pledge skit….maybe next time will be better for you guys….but there is no way I could have pulled off banquet with out Yusra, Hiten, Vu, and Ashley. Without those four brothers banquet would have been in my apartment and it still would have cost $15 a person. I can’t explain the amount of work and planning they did for banquet, and honestly I really don’t deserve any credit. But overall this year was exciting, busy, frustrating, and very worth while, because I learned a lot about being a brother in APO, I feel my leadership ability has grown, and I think I got to know everyone a little bit better. It was a great semester I hope I did a decent job, but I want to thank everyone who gave me an opportunity and put up with my screw ups all semester.

The Delta Omega chapter of Alpha Phi Omega has the distinction of being the longest running national fraternity on the University of Houston campus. Our history began in 1946 with the founding of a local fraternity by the name of the Eagles. The founding group then petitioned the national office of Alpha Phi Omega for chapter status, and Delta Omega was born as the 120th chapter of APO. The formal chartering ceremonies were held on April 13, 1947, in the cafeteria of the Earl North Brick Company, with the Alpha Rho chapter at the University of Texas at Austin conducting the installation. The first Delta Omega president was John Pound.
