

INDUSTRIAL DESIGN PROFESSOR RECEIVES PATENT AWARD

MARCH 8th, 2018 - Industrial Design Professor Jeff Feng received recognition at the annual UH Division of Research Inventor Patent Awards and Celebration of Researchers Luncheon.

Professor Feng accepted a patent award for “enPour” a kitchen accessory for people with arthritis to help them to pour weighted containers.

The Division of Research also honored inventors, book authors, and recipients of new grants. The keynote speaker was Dick Williams, Past President and CEO, Houston Exponential. Mr. Williams spoke about Houston Exponential and connecting to the Houston region.
