

Human Sexuality

PSYC 3337

Fall 2017

Instructor: Dr. Colt Keo-Meier

This course will provide a broad perspective on human sexuality.

You will learn about the biological aspects of sex, attitudes about sex and gender; cultural differences and similarities in sex and gender roles; legal considerations regarding sexuality; and sexual behavior, its development, common patterns, and dysfunctions, and more!

This course will:

- Count towards a minor in LGBT studies
- Place more emphasis on LGBTQ+ sexuality than the typical human sexuality course
