Setting Your Opera Home Page

Steps to set the home page:

1. **Open** Opera Browser
   a. If you don’t have this icon on your desktop please contact FSC (34948).

2. **Copy** this link below and **Paste** it into the address bar in Opera.
   
   http://fm-portal.cougar.net.uh.edu/famis/famis.asp

3. Press **Enter**
4. Click on the **Opera** menu, go to **Settings**, and go to **Preference**.
5. In the **Preference** form, select the **Start with Home Page** option if it is not already selected.
6. In the Home Page options, press the **Use Current** button.
7. In the Pop-ups selection, choose the **Open all pop-ups** option.

8. Click on **OK**

You have now configured your Opera browser to:

1. Start at the home page every time.
2. Use the FAMIS Production website as the home page.
3. Allow all pop-ups to open. This feature must be activated to print documents and to retrieve related documents.
