INTRODUCTION OF CAPABILITIES

Southern Global Safety Services, Inc. (Southern Global) is a privately held firm specializing in environmental, occupational safety, industrial hygiene, and project management services. Southern Global has retained its basic business structure and executive staffing since its formation and incorporation in June 2001. Our scope of services encompasses a wide variety of customer groups, including: independent school districts, private educational entities, local and state university systems, institutional and government facilities, industrial and manufacturing facilities, public utilities sites, warehouse and light manufacturing operations, port operations, commercial offices, small strip to regional shopping centers, lending and mortgage institutions, trust departments, health care facilities, and multi-unit residential sites. Our exceptional staff has worked in almost every situation, from the demolition of six large power boilers in an electrical generating station for a public utility, to an asbestos risk management program for the largest public hospital in the country.

We continually strive to improve our services, our Value to our Customers, and our environment. We believe in “Excellence, Service, Integrity, Innovation, Teamwork” in all we do!

Why We Are Unique

Revived Glory Awards provides a large variety of superior quality awards, assembled by qualified young people with disabilities who are doing meaningful work, getting valuable job training while experiencing success, and who are recycling to lessen the impact on the environment.

Make a rewarding difference in lives and the environment

Revived Glory Awards began in January 2013 to employ young people with disabilities who had finished formal schooling and wanted to work. Through e-mail and word-of-mouth referrals, sales revenues have increased five-fold since then, and the company now employs six Trophy Masters. Located in the Cy-Fair area, RGA has filled orders from all over the Houston area, within other Texas cities and states in the Midwest, due to a growing Internet presence.

We believe our choices have an impact on our bodies, our communities and our world. Partnering with people who care and are cared for, we select clean ingredients grown in harmony with the earth that nurture your body and your soul. We create products that bring joy to the table.

Our products are Non-GMO Project Verified, and we use organic ingredients in every blend. Our baking mixes start with 100% whole grains, never sugar or starches, and are free from the 8 most common allergens. We get our ingredients from suppliers with a conscience, who treat their employees, community, and environment with respect.

We currently offer eight tasty, user-friendly gluten free baking mixes: Positively Pancakes, Marvelous Muffins, Outrageous Oat Cookies, Scrumptious Scones and a cup-for-cup All Purpose Flour and three bread blends: Sorghum, Teff and Hamburger Bun.

**CORE CAPABILITIES**

- Easy to Use
- Completely Allergen Free (NO eggs, gluten, soy, nuts, dairy)
- Award winning taste
- Shipped in 25lb “Allergen Free” purple bags

Since 1995, Sara Brook and her Dessert Gallery crew have been serving up some of Houston’s favorite sweet treats. From lunch to dinner, with dessert first (of course), Dessert Gallery is in the business of putting smiles on people’s faces.

Welcome to the recipe for your wildest dessert dreams. A place where rich, chocolatey daydreams are served up, wonderful and warm-spirited, with a side of old-fashioned hospitality and relaxation. This is a place where friendship is a delicate combination of admiration, trust, empathy, two forks and one dessert.

Stop by for a slice of rich, homemade cakes and pies, garden-fresh and imaginative sandwiches, salads and wraps, and a cup of sit-and-talk coffee. This is more than dessert, it’s an experience. It’s a place to relax, to visit, to play, to shop, to smile — weekend or weekday. It’s an entire tableau of gifts and treats for friends and family all across the country. It’s a place where you can come and feel like a child again.

Dessert Gallery prepares box lunches, party trays and sheet cakes for every occasion. Each box lunch is made daily using the freshest ingredients and Boar's Head Premium deli meat....and everything can be delivered, including the paper goods! Plus, every box lunch includes the Dessert Gallery signature Chocolate-Dipped Chocolate Chunk Cookie. It is a fact, meeting attendance will increase when Dessert Gallery Box Lunches are on the agenda!

Additionally, Dessert Gallery makes gift-giving easy using Picture-perfect Gourmet Graphics™. You can dazzle your family, friends, clients, and co-workers with a gorgeous variety of Gallery Gifts which are as delicious as they are beautiful. Make a lasting impression by personalizing your purchase with your own logo or photo cakes, cupcakes, cookies and truffles. The possibilities are endless!

Dessert Gallery is certified as a Women’s Business Enterprise by the WBEA and the State of Texas and was named the 2013 WBEA Supplier of the Year.
We are a local privately owned small business & need all the buzz we can get! The scope of work we can do is practically endless! Please see below for our specialties…

· Full Service Catering (300 recipes available that are created & produced in our commercial kitchen or onsite as needed)
· Retail Store for a healthy, convenient way to feed your family M - F 11am - 5pm (daily menus are updated day on the website)
· Daily Catering Specials available for 10% off (also on website, same specials as retail store)
· Breakfast, Brunch, Lunch, Dinner or Appetizers
· Service Staff (Chefs, Bartenders, Servers, etc.)
· Rentals (tables, chairs, glassware, crystal, linens, etc.)
· Food & Wine Parings (Dinner & Wine Meeting or Happy Hours with appetizers & wine)
· Cooking Lessons in our kitchen (Team Building)
· Specialty Themed Events
· Weddings/Bridal Showers, Baby Showers or Diaper Parties, Tailgate Fare, etc.

The list goes on! Most of our information can be found on our website as we work hard to keep everything updated there vs hardcopy menus & such!

Please pass this along to anyone that may have any catering needs for business or personal!

COMPANY OVERVIEW

Elias Commercial Roof Systems was founded in 2010 by Leticia Elias, a second-generation roofer with over twenty years in the business and a lifetime of conversations around the table. She took that expertise and know-how and went from being a roofing installer to a solution-driven roofing firm.

Elias Commercial Roof Systems provides services a typical roofing company does not, such as inferred scanning, pull tests, roof coring, wind-testing by an engineer or drafting by an architect. Leticia is not an “off the shelf” type of roofer; instead, she treats each job as a special challenge, asking “What does the roof tell me?”

The answer is always the best roof for the job: one that reliably keeps the rain off your head and looks good doing it.

PRIMARY SERVICES

- Commercial/Residential Roofing Installation
- Roof Maintenance Program
- Roofing Design and Consulting
- Wall Panel Systems/Exterior Wall Systems

QUALIFICATIONS AND EXPERIENCE

Certified Installer for the following manufacturers:

BONDING AND INSURANCE

Liability Insurance: General Liability $1,000,000; Umbrella $5,000,000;
Automotive Liability $1,000,000; Worker’s Compensation $1,000,000
Taylor Construction Management (TCM) is a global facility project management consulting firm – positioned to provide quantifiable returns on investment across all industries. We employ strategic thinkers that possess a blend of technical acumen while having the leadership capability to creatively respond to any project need. TCM is at the forefront of mission critical facility improvement projects with unique leadership needs to deliver a tight budget, fast-track completion, and/or stringent regulatory requirements. For organizations comfortable with the practice of hiring third party project leadership, TCM is positioned to elevate current leadership expectations by demonstrating that any project can be delivered within all cost/schedule/scope parameters given the right project management style.

TCM has 25-years of executive project management experience compressed into four years of doing business. We are based in Houston, Texas. Currently, our firm is responsible for the project management of $700M USD in capital improvement project management in Texas alone. The company is managed and owned by Troi and Kelley Taylor, President and COO, respectively. Our group of multidisciplinary professionals has vast experience providing executive-level capital project leadership. TCM’s strengths include generating project budgets and master program schedules, facilitating the development of construction drawing and technical specifications, permitting, bidding, subcontractor and supplier buy-outs, cash flow forecast, change order, scope deviation management, managing the construction process to tenant turnover, and turnkey commissioning. TCM has obtained disadvantaged business certifications at the local city, state, and federal level and currently holds several minority certifications.

**Our mission is to provide quantifiable facility project management leadership so that the customer realizes the lowest cost, fastest completion rate, and relentless commitment to exceptional customer service.**

TCM has both the appropriate resources and adequacy to fulfill a project scope of any size and we are capable of providing the following services:

- Program Management Consulting Services from Planning to Activation
- Scope-to-Budget Gap Analysis
- Team Member Selection, Contract Development and Negotiation
- Program Management Implementation Plan
- Master Budget and Schedule Development and Control
- Management of Design Review and Value Enhancement Process
- Part Time/Full Time On-Site Project Management Team
- Construction Delivery Approach Recommendations
- Equipment Planning and Delivery Coordination
- Regulatory Agency Approval Coordination
- Activation and Occupancy (Move Coordination)

Over 10 years in educational setting
Experienced in multiple settings

Company Data
LaShasta Bell, LPC-S is a sole proprietorship established in 2012. Creating and maintaining a connection between home and school has been an instructional process and focus of LaShasta Bell, LPC-S. LaShasta has published an article on marital connectedness.

“During the end of my child’s kindergarten year, he began going through a hard time, at home he had become angry and physical not knowing how to control his emotions. LaShasta spoke to my son on a level he could understand and relate to. She taught him coping mechanisms for his anger and how to feel more in control of his feelings. After a couple sessions with LaShasta he was a different child. He even said to me “Ms. Bell has changed my life!” For any parent who has watched their child struggle and felt helpless, those words brought me to tears. I finally found someone who could help me, help him.— D.F.

REDE, Inc. is a leading national provider of Business Support Services offering a wide range of innovative solutions to energy, healthcare, banking, telecommunications, and federal government customers. We help our customers to reduce cost and increase overall efficiencies, while remaining focused on their core business. We are a Small Business Administration (SBA) certified Women Owned, Minority Business Enterprise (MBE/WBE) providing exceptional Business Support Services that span nationally from the NASA Kennedy Space Center in Florida to the Environmental Protection Agency (EPA) in San Francisco, California. REDE has the ability to manage prime and sub contracts in value from $500k to $60M.

The services that REDE provides include:

**REDE Copy Center Services**

Many companies spend a tremendous amount of time and resources on their copy and print services. Instead of doing it yourself, REDE can staff your copy center with document management experts and optimize your equipment expenditures. Our metrics-driven approach increases productivity, improves customer and drives down costs.

**REDE Mailroom Services**

Organizations find that their mailroom is creating a bottleneck in their business. When a mailroom is run manually, you loose time, money, and resources. Our solution introduces technology with a team of proven experts that can recover these valuable resources.

**REDE Administrative Services**

When the country’s most successful organizations look for innovation and improved administrative/ facilities services, they turn to REDE. Our industry-leading solutions drive value across your organization by implementing time proven best practices and cost reducing institutional controls focused on improving customer service and operational efficiencies.

**REDE Staffing Services**

In today’s workforce market, the ability to select people with exceptional skills and professional work experience is essential to an organizations success. REDE Staffing has been a leader in providing comprehensive staffing solutions for over 20 years. Our candidates can provide short term, long term, or project based staffing requirements as a seamless extension of your organization.

---

REDE implemented a Technology-based solution that saved over $585,000 to-date for our business unit. This solution improved product quality by eliminating human error, increased production speed, and improved Service Levels to end-users.”

—Commercial Energy Customer

“REDE created, managed, and delivered a consolidated office solution that generated a 20% annual savings while improving office productivity, minimizing security risk, and increasing operational performance.”

—Federal Government Customer

---

**REDE Awards**

- 2014 NASA JSC — Contractors Safety Award
- 2012 NASA JSC — Award for Excellence
- 2009 U.S. Small Business Administration (SBA) — Award for Excellence

Technology: Provide technology devices such as tablets, computers, projectors, smartboards, 3D Printers and LOOP Technology to enhance the learning environment for Science, Technology, Energy and Mathematics (STEM).

Industries: Government, Non Profit, Oil & Gas, Alternative Energy, Insurance and Education
The Allen CPA Firm is full service accounting with specialization in Accounting, Governmental Audits, Financial Statement Audits, Internal Control Assessments, Reviews and Compliance, and Agreed Upon Procedures.

The Allen CPA Firm is passionate and committed to providing exceptional customer service and accounting expertise in the following areas:

- Governmental and Corporate Audits
- OMB Circular A-133 Audit Support
- OMB Circular A-21 Audit Support
- Internal Control Assessments
- Control Narrative Write-up
- Year End Close Accounting Support
- Internal Audit Support
- Reconciliations
- General Accounting Services/Reconciliations
- Financial Statements

Past Performance

A-133 and A-21 Audit Support 2015 - Baylor College of Medicine: Subcontractor to Experis. Provided audit support for OMB Circular A-133 and A-21. Performed transaction testing on fringe benefits, cost principles, and property, plant, and equipment (PPE) to monitor compliance with federal regulations.

General Accounting and Internal Control Implementation - Friends of Down Syndrome: Provide accounting, tax, and internal control support to this organization. Developed and integrated internal controls into the organization. Also developed a budget template (variance report) so the organization can effectively monitor cost.

Adams, London & Weiss LLC headquartered in Houston, Texas, is a nationally recognized leader in accounts receivable management. Adams, London & Weiss LLC supports their clients in achieving higher success and improving cash flow by utilizing their highly respected management expertise, comprehensive technology, and highly-driven collection team.

Capabilities and expertise:

We are a commercial and retail debt recovery agency. Our experiences consist of credit reporting, commercial, retail, legal, and subrogation.

-Credit Reporting
-When there is a need, we also use licensed private investigators.
-Skip tracing
-Pre-litigation
-Litigation

Qualifications and Credentials:

Adams, London & Weiss LLC uses legally and ethically acceptable methods in collecting bad debt accounts. Adams, London & Weiss LLC knows many states and local jurisdictions have laws requiring fairness in collections; although those laws vary, they generally regulate collection activity by stipulating times, types, and frequency of collection contact.
Adams, London & Weiss LLC has implemented policies, procedures, physical and technological safeguards to ensure that all operational facilities comply with applicable laws governing collections.

Differentiators:

Adams, London & Weiss LLC is the only Women owned Collection agency in the Houston, TX area.
Adams, London & Weiss LLC is always updating information as new laws present themselves and/or are changed. Adams, London & Weiss LLC provides direction for FDCPA compliance initiatives and ensures it has the information needed to fully comply with regulatory and legal requirements.

Certifications:

-Women Owned Business.
-Port Houston Authority Small Business development program.
- DBA International
- NGLCC

Established in 2006, GMC Consultants, LLC, is a small, woman-owned Project Management Company that is HUB and SBDE certified through the State of Texas. In an ever-changing world that brings about a complex need for creative development with a fast-paced delivery, GMC has matched ingenuity and talent to meet the needs of the more than three thousand clients we have served thus far. GMC is recognized as having capability in the area of:

- Talent Management
- Assessments & Academic Coaching
- Pre-employment screening
- Employment Placement
- Housing Relocation Services
- Training and Curriculum Development
- Disaster & Social Case Management
- Community Outreach
- TREC & HQS Inspections

The State of Texas General Land Office (GLO) Homeowner Opportunity Program – Disaster Case Management Services (Project Term: 2011 to Present): HUD allocated $3.1 billion in funding to respond to the needs of Texans affected by Hurricanes Ike & Dolly. One of the programs developed from this funding is the Homeowner Opportunity Program or (HOP). HOP is a Disaster Recovery Housing Program. The program is projected to secure more than 10,000 applications for an estimated 4,000 homes received from the pool of eligible participants. GMC is currently serving as the lead agency in providing system wide program design, case management and inspection services, along with curriculum development and training for the entire program.

State of Texas General Land Office (GLO) Inspection Services (Project Term: 2012-Present) Alongside the Homeowner Opportunity Program, GMC Consultants is servicing affected areas of Texas by providing Texas Real Estate Commission (TREC) and Housing Quality Standards (HQS) Inspection for new constructed and rebuild properties.

Tierra Del Sol - Employment Recruitment and Placement Project. (Project Term: 2014-2015) GMC Consultants provided Human Resource services for a family owned organic lamb and goat farm that was looking to expand.

Recovery for IKE Survivors Enterprise (RISE) Project (Project Term: 2009-2011): GMC Consultants, LLC was awarded a contract funded by the Federal Emergency Management Agency (FEMA) through the Texas Health and Human Service Commission and monitored by Lutheran Social Services Disaster Response Services to provide disaster case management services for the Recovery for Ike Survivors Enterprise (RISE). GMC Consultants, LLC was one of the 10 partner agencies that had been offered this opportunity to work within the RISE project designed to provide support to more than 13,000 survivors of Hurricane IKE.

Port Arthur and Rosenberg Housing Authority Disaster Housing Assistance Program (DHAP)-Ike (Project Term: 2009-2011): The Department of Housing and Urban Development (HUD) administered rental housing assistance for more than 45,000 eligible residents affected by Gulf Coast Hurricanes. GMC provided Case Management Services via the DHAP-Ike Program with the Port Arthur and Rosenberg Housing Authority.

Housing Relocation Service (Project Term: 2008, 2010): GMC assisted city governments and private companies in relocating subsidized housing complexes for renovation or total relocation purposes. GMC also designed the relocation plans and informed the residents of moving procedures. GMC was also responsible for conducting all closing procedures required within this project.
USA Mobile Drug Testing (USAMDT) was established in 2008 to help companies manage and avoid drug and alcohol problems in the workplace. USAMDT has 31 offices throughout the United States and more than 8,000 partners nationwide.

USAMDT is comprised of a talented group of individuals bringing expertise and exceptional customer service to each and every customer. Our primary goal is to provide post-offer screening and preventive services. This empowers our clients to make the best hiring decisions, control costs while increasing productivity and safety through unbiased, factual and timely information. We create programs specific to the needs of our clients; which include DOT and OSHA regulations, and industry standards. Our objective is to ensure that our Clients have peace of mind.

Our services include but are not limited to:
- DOT & Non-DOT Drug Testing Compliance
- Drug & Alcohol Testing Services
- Random Selection Management
- Post-Accident and Reasonable Suspicion Testing
- DOT Certified Medical Examiner
- Physicals (DOT, Non-DOT & Heavy Lift)
- OSHA Compliance
- Audiograms
- Pulmonary Function Testing
- Respirator Fit Testing
- Background Screening
- DNA Testing
Who WE Are:

Bocci Engineering is a multi-disciplinary consulting firm supplying energy and environmental engineering services for sustainable opportunities in oil/gas/power, manufacturing/industrial, and commercial/institutional facilities. Since Bocci’s inception in 2002, we have been providing high quality, innovative, and cost-effective engineering services that significantly reduce or eliminate environmental impact. Our goal is to deliver green solutions that are also smart investments for our clients.

What WE Do:

Greenhouse gas emissions and volatile energy costs directly impact cost of operations. Whether the project is oil/gas or commercial, new technology or existing operations, FEED or EPC, Bocci’s wide-ranging and thorough knowledge of energy infrastructure can help you reach your environmental and economic performance goals. We know that, when deciding how to invest capital, “being green” isn’t good enough – that’s why we combine engineering best practices with risk management to provide high level return on investment and improved reliability. From concept to completion, Bocci provides full design services, including stamped construction drawings, specifications and performance modeling. We provide construction administration, management, and third party reviews. And we provide measurement, verification, and commissioning services. Bocci can add value at any project phase, and covers multi design disciplines including; process, mechanical, electrical, plumbing, environmental, civil, structural, and sub-utility.

Oil, Gas & Industrial Markets

The oil and gas industry has specific utility and process needs. Projects designed to reduce utility consumption must also meet reliability specifications. Bocci has the industry experience and technical background to help you reach your corporate sustainability goals.

- Thermal utilities
- Compressed air
- Pipelines
- Upstream/downstream/midstream
- Gas compressor stations
- Power generation and distribution (primary and standby)
- Process gas and liquids
- Controls, clean rooms, and ventilation
- Motors and conveyances
- Environmental control equipment
- Power and process boilers
- Water/Waste Water
GHG Corporation is a small disadvantaged service-disabled veteran owned company providing IT and engineering services to both government and commercial sectors. From commercial application development and multi-platform systems integration to network security and technical support in both the Antarctic and Mission Control Center at the Johnson Space Center, GHG has demonstrated expertise and quality service in a multitude of operational environments for over 36 years.

GHG also provides a Defense Contract Audit Agency compliant time and attendance software to over a thousand customers world-wide. GHG’s Clockwise™ timekeeping solution is a customizable and affordable solution. Clockwise™ includes features such as leave management, online supervisor approvals, a company-wide bulletin board, a document storage library, a detailed audit trail, job costing and much more.

OUR FOUNDATION

Founded in 1990, Pacheco Koch is a full service civil engineering, land surveying and landscape architecture firm offering services to both public and private sector clients. The goal of the company was, and still is, to combine the latest technology with a responsive, client-oriented staff to produce the best professional service possible. Headquartered in Dallas, Pacheco Koch also has branch offices in Fort Worth and Houston.

Pacheco Koch is proud that more than 90% of our business comes from repeat clients. We attribute this success to our unique approach that stresses continuous direct contact between our project management team and the client, which is coupled with our extensive experience in site development, master planning, roadway and parking lot design, utility infrastructure and stormwater analysis. We are committed to long-term client satisfaction and delivering work in a cost-effective and timely manner no matter how large or small the project.

CERTIFICATIONS

Pacheco Koch is licensed to practice civil engineering, land surveying and landscape architecture services in Texas. Our firm is certified as a Historically Underutilized Business by the state of Texas, and a Minority-Owned Business through the NCTRCA. Additionally, members of our firm are LEED® Accredited Professionals through the US Green Building Council, TxDOT pre-certified in 28 engineering and surveying categories, SITEOPS® certified, and certified by the Design-Build Institute of America as proficient in design-build processes. The firm’s licenses and registrations include:
• Texas Board of Professional Engineers (TBPE) Registration No. F-469
• Texas Board of Professional Land Surveyors (TBPLS) Registration No. 10008000
• State of Texas HUB No. 1752317110000
• NCTRCA MBE No. HMD63257Y1015
• TxDOT Pre-Certified FSN 473
• DUNS No.: 614199834

EXTENSIVE FIRM RESOURCES

Pacheco Koch employs a staff of 147 professional, technical and administrative personnel, including licensed Professional Engineers, Registered Professional Land Surveyors, Certified Floodplain Managers, Registered Landscape Architects, and LEED® Accredited Professionals. Our diverse range of experience and personnel allows us to perform numerous projects simultaneously while still delivering the product on schedule.

P+R Productions is a full service television, film and commercial production company. Founded by award-winning producer Jenna Jackson, we are based in Houston and Austin, Texas.

WHAT WE DO
We handle pre-production, scripting, brainstorming and logistics on the front end. Then we handle all components that go into a successful production -- location scouting, set up, questions, proposal, filming, interviewing, aerial and time-lapse shots — as well as quick turnaround edits on site at the event to get people excited about what’s happening and what’s to come. We also have a full-service edit department where we put together more in-depth and/or specific pieces that can be used for future branding and demand generation.

We pride ourselves on telling your unique story — by pushing the envelope of imagination to make each project compelling, informative and cinematic.

HOW WE DO IT
We immerse ourselves in your project, become part of the team and lend the same level of detail to each venture, no matter how big or small. We tailor the plan on the front end to fit your needs and budget — every project is scaleable, based on your specific goals.

WHAT IT DOES FOR YOU
We know how vital branding of the company and each event are, and we specialize in teaming up to help think of new ideas and truly tell the story of your brand, helping you better connect to your clients to increase impact. Our goal is to handle every aspect of production so that your team can focus on areas where your time is best spent.

M3T Cx Authorities LLC is a HUB certified, Texas based Building Commissioning Company providing custom tailored commissioning test plans. Our commissioning programs have the added value of risk management to construction project by monitoring on-the-job safety, promoting the best construction practices, identifying issue and solutions in design and installation and documenting construction progress.

We stand apart from competitors due to the training and education in the commissioning sector. Our founding member, Monica Mathis received as a civilian US Navy Contractor commissioning VIRGINIA Class Submarines. We use those same principles to provide the best commissioning processes to the general public.

We are a strong competitor in the field of commissioning:

- Our primary business is building commissioning, which provides our clients focused, unbiased, attention and care.
- We have over 10+ years in the testing and commissioning field, with formal accredited Engineering, and military-trained commissioning education.
- We save our clients substantial amounts of capital by assuring they are getting the best return for their investment by risk management.
- Commissioning for new construction cost an average of 0.5-1.5% of total construction cost. However Commissioning can save an owner 15% of total construction costs.  

1. THE COST-EFFECTIVENESS OF COMMERCIAL BUILDING COMMISSIONING

A Real Florist with Real Personal Service

Elaine's Florist & Gift Baskets

713.661.6788

Why use a “Local” Florist Vs. Internet or 1-800#’s

- Receive FULL dollar value for your order. All order gathering companies keep about 20% of the dollar value of your selected arrangement to cover their handling fees.
- When sending flowers to represent you, select a reputable local florist that you can trust. One that will provide you excellent customer service, quality fresh product, and professional design.
- Support your community, cut out the middleman.
- Keep local sales tax in Houston - sales tax revenues fund our community.

Sympathy Arrangements: Why send “In Addition To” Vs. “In Lieu Of”

- Flowers represent a powerful visual support of your love, sympathy, and respect during difficult times.
- Flowers add a warmth of beauty, which provides dignity and comfort during a funeral or memorial service.
- Studies prove flowers have a positive impact on emotional health. Flowers do not wither in the mind of the bereaved.

Dazzling Floral Arrangements
Decorative Plants
Delightful Gourmet Baskets

Whether it’s for your business or personal needs, call us or visit www.elainesflorist.com.

Receive FULL dollar value for your order. All order gathering companies keep about 20% of the dollar value of your selected arrangement to cover their handling fees.

Capability Statement

About Us

Bigger and stronger than ever, J.Tyler was founded in Houston, Texas in 1982 to address the demand in the market for high quality office furnishings, installation, project management, and commercial furniture management services.

What We Do

J.Tyler is a leader in assisting customers in developing efficient environments and supplying appropriate furniture products and systems to meet performance requirements based on a university’s culture. We are focused on value driven solutions, whether the customer desires high image or budget driven designs. Through our lead manufacturers, we focus on trends in Higher Education, disseminating that information to facilities, staff, and faculty. As pedagogies evolve, we pride ourselves on marrying the end user needs with adaptable, timeless solutions that will hold up to the rigors of a changing classroom dynamic.

J.Tyler is proud to have the finest staff of project managers, designers, installation supervisors and technicians with up to 35 years of industry experience. We are well equipped to deliver a successful project and on-going services.

Services

Field Measurements | Delivery | Installation
Reconfiguration | Relocation
Design | Space Planning | Consulting | Product Evaluation
Refinishing | Refurbishing | Upholstery | Custom Furniture Design and Construction

Think of J.Tyler for these Areas!

Classrooms, Lecture Halls, Auditoriums, Libraries, Study Carrels, Conference Rooms, Offices, Reception Desks, Lobby/Public Areas, Labs, Nursing, Pharmacy, Infusion, Outdoor Seating/Tables/Benches, Locker Rooms, Storage Areas, Donor Walls, etc.

Manufacturer List

J.Tyler provides products from over 300 manufacturers. We help source product that meets your needs, on budget and on contract.

About Cultural Surroundings

Thank you for your interest in Cultural Surroundings! We pride ourselves on supplying the finest library installations available and look forward to the opportunity to work with you on your library projects.

Our company was established in 1990, and is owned and operated by the founding principals, Paula S. Wenstrom and Nicole H. McKenzie. Our customers include public schools, public libraries, universities, community colleges, private schools, research facilities and hospitals throughout the US.

Cultural Surroundings represents manufacturers that offer the utmost in design, quality, and creative applications of furniture, shelving and seating for unique library interiors. Our select group of product lines gives a wide array of style options; from contemporary and transitional to traditional. In addition to eclectic design choices, our products and services come with great value. Within a broad scope of budgets and styles, we deliver superb end results.

In addition to furniture and shelving supply, Cultural Surroundings’ services include complete assistance with your project from start to finish. Our staff will help you with budgeting, space planning and design, specifying (we offer specification writing services), project presentations, sample items, and finally, installing our furniture with in-house factory-trained installers. We also provide library move and reconfiguration services.

If you would like more information, please give us a call at 800-327-7674. We are here to assist you!
For a life lived well.

BUILDING HEALTHIER EMPLOYEES AND A HEALTHIER BOTTOM LINE
When your employees are sick, your business suffers. That's why a corporate wellness program just makes good business sense. Star Wellness® provides accessible, affordable, safe, comprehensive and proactive health assessments and screenings so your employees can have "a life lived well®. Whether you come to us, or we come to you, we help you take charge of your health and wellness for you and your employees. It's smart for you and smart for business.

Affordable and Safe
Preventive screenings are now covered under the Affordable Care Act. Our rates are generally LOWER than if your employees went to their doctor for the same screenings.

Our tests are administered by medical technicians, using medically recognized safety procedures, including the often ignored Needlestick Safety and Prevention Act.

Star Wellness® is the preferred national provider of onsite medical screening and laboratory services for major corporations, municipalities and school districts looking for an innovative partner to help them navigate through the maze of possible health and wellness solutions.

With Star Wellness you benefit from:
☆ STAR Scheduling® - convenient ONLINE REGISTRATION that maintains productivity by allowing employees to select screening times that conveniently integrate with their work schedules.
☆ AGGREGATED CORPORATE REPORTING to identify and benchmark health trends within your workforce plus INDIVIDUAL PARTICIPANT REPORTS. Usually within 48 hours, participants get an easy to read and understandable wellness report mailed directly to their home. All identified results are fully CONFIDENTIAL and not shared with employers.
☆ Our revolutionary STAR Access® program enables you to offer affordable health screenings to your employees at dispersed business locations throughout the U.S.
☆ A FULL ARRAY OF ADVANCED LAB TESTING using Laboratory Corporation of America® (LabCorp).
☆ EXPERIENCED PROFESSIONALS AND STATE-OF-THE-ART EQUIPMENT to assure efficiency, accuracy and employee comfort.
☆ Proactive services including immunizations for influenza (flu), tetanus, TDAP, pneumonia and meningitis. We also offer vitamin B12 shots.
☆ Available PROFESSIONAL MARKETING ASSISTANCE to help you design and publicize screening events to reach employees and improve overall participation rates.

Capability Statement

An HVAC Controls Distributor

“WE DID NOT SET OUT JUST TO BE BETTER, WE SET OUT TO BE DIFFERENT”

Core Competencies
The ability to provide a touch of personal service to our HVAC Controls customer along with:
--- Timely and responsive information
--- Competitive pricing
--- Going above and beyond to assist with providing a solution

Past Performance
The University of Texas
Texas State University
Round Rock Independent School District
Texas State Preservation Board

Differentiators
Our ability to truly consider how to simplify the ordering process for our customers control needs led us to develop the GTS Controls order app. This app allows the customer to scan a QR Code that allows the customer to read the part number, the description of the part, and a past purchasing price. From a touch of a button the customer can request to order or ask for current pricing and availability via email, thus simplifying the order process.

Company Data
GTS Controls is a small HUB certified wholesale distributor of HVAC controls of brands such as Honeywell, Johnson Controls, Belimo, Siemens, Schneider Electric, just to name a few. GTS Controls has 3 employees. Sales figures for 2014 were in the range of $350K. GTS Controls serves the entire great State of Texas. NAICS 423730, 423740

Contact Information
GTS Controls LLC 9415 Burnet Rd. STE. 104 Austin, Texas 78758 President/CEO Frank Guevara Office 737-222-5597 Cell 512-994-7174 Email frank@gts-controls.com
As a Minority owned business and HUB certified, Blender Direct is dedicated to providing quality American made lubricant products at manufacturer pricing with distributor service!

Blender Direct has a very unique position in the market because we work directly with the oil blender LUBRIMAR leaving out the middleman while passing the savings on to you!

LUBRIMAR lubricants are the right choice for your lubrication needs. LUBRIMAR lubricants exceed the industry standards mandated by the Society of Automotive Engineers (SAE), American Petroleum Institute (API), International Lubricant Standardization and Approval Committee (ILSAC), International Standards Organization (ISO), and American Society for Testing and Materials (ASTM).

Blender Direct's product line includes LUBRISTRONG Full Synthetic Motor Oils, LUBRIMAR Synthetic Blend Motor Oils and Transmission Fluids, as well as OPTIFILL, DEXFILL, and ECO-GREEN Coolants. These products are available in a variety of packaging including bulk, totes, drums, pails, gallon cases, and quart cases.

Blender Direct offers delivery in the Houston area, free-of-charge. We understand that your business can't be put on hold because you need lubricants. That's why customer service and prompt delivery are the focus of Blender Direct.

If you're looking for a lubricant supplier with better prices, and excellent customer service, look no further than Blender Direct!

"The “mission” of Blender Direct is to exceed customer expectations by providing excellent service and quality products at a very competitive price. Blender Direct seeks to create lasting business relationship based on trust and integrity."

Mar-teK is an experienced and quality source for government contracting officers, compliance officers and purchasing agents to meet statutory obligations and guidelines requiring suppliers from HUB's and small businesses. We actively team with Prime Contractors, Law Enforcement, DOD and DOT entities.

Core Competencies/Differentiators

**Manufacturing partners:** Mar-teK fosters a close working relationship with well-respected, like-minded manufacturers to provide 100% product support from the ground up.

**Inventory:** You'll get what you need and when you want it. Mar-teK carries more than just “A” items in our 16,000 square-foot warehouse for timely deliveries.

**Long-term relationships:** We pride ourselves on creating close and lasting relationships with our customers to best understand their specific material needs.

**Staff:** Mar-teK is more than a supplies depot. Our sales team has an extensive “hands-on” depth and breadth of construction knowledge. From training to application solutions, Mar-teK is your contracting resource.

**The True Value connection:** Through Mar-teK’s partnership with the True Value/Induserve network, we provide our customers with access to over 100,000 hard-to-find specialty products.
CAPABILITY STATEMENT-REGAL PLASTICS

Regal Plastics is a locally-owned plastic sheet, rod, tube and film distributor with facilities located in Irving, San Antonio, Austin and Houston, TX. Regal has served these markets for 40 years. Our products can help contain costs in manufacturing, solve problems in maintenance applications, help promote your company’s business and help your business grow.

Core competencies:

- Wholesale Industrial Distribution supplier selling to medical, aerospace, oil and gas, commercial construction, food and beverage, O & P, sign, POP industries and more.
- Custom plastics fabrication services including POP displays, acrylic sheet fabrication, polyolefin welding, CNC router cutting and more.
- Outdoor residential and commercial pergola and awning materials supplier.
- Turn-key performance as finished plastic parts supplier.

Past performance:

Founded in 1945, Regal Plastics has a long-term presence in Industrial Wholesale Plastics distribution in Texas. Regal’s history of stability is unparalleled in the Plastics Distribution community. Regal is still family-owned and operated by third-generation family members participating as the management team of the company.

Differentiators:

There are many things that separate us from others but if I had to focus on one theme it would be our exceptional people providing excellent service every time. We also add value by our wealth of knowledge in the plastics industry, specifically housing plastics genius Robert Kitterman in our Houston office. If that doesn’t have you excited then our ability to cut pieces to size while clients wait will simply blow you away.

Contact Information:

We have locations in Dallas, San Antonio, Austin, and Houston. Our Houston office is located at 1700 Wirt Road. You can reach us by phone at 713-957-8541 or on the web at www.regal-plastics.com.
PDME/Fastenal Capabilities Statement

**Local Presence:** PDME/Fastenal has a servicing store on campus dedicated to serving only the University of Houston. We have over 2500 part numbers in stock and an inventory valued at over $650,000. The store is located in the GSB building.

**Manufacturers:** Our companies work closely with over 600 Manufacturers so that we can provide a multitude of products to satisfy almost every requirement.

**Products:** With over 1,500,000 products at our disposal we can be your local source for:
- Fasteners
- Material Handling Storage and Equipment
- Power tools, Hand tools
- Safety products
- Abrasives
- Plumbing supplies
- Electrical items
- Welding supplies
- Janitorial products
- HVAC requirements

**Vendor Managed Inventory:** Our local presence enables us to tailor, implement and actively support inventory management solutions throughout your University, including Vendor Managed Inventory in remote University solutions.

**Industrial Vending:** Fastenal is far and away the largest industrial vending company in the world. Our local personnel handle every aspect of our vending programs, including installation, training, repairs and ongoing replenishment.

**Services:** We offer a spectrum of services to support our product lines – from tool repairs and parts kitting to lab testing and engineering/design support.
DimDrop connects your organization to an ever evolving and mobile general public. DimDrop provides the production ready mobile apps and web based tools to properly engage and stay in touch with the mobile community you serve. Some of the capabilities of DimDrop include:

- Update a geographically defined community such as a work site or campus with daily news updates, unplanned closures, incidents, transportation availability and much more personalized by location
- Publish safety, operational and instructional digital material to relevant physical locations allowing users to find information quickly
- Create and manage complex geofences which trigger automated messaging and events when a person enters or exits a place
- Notify individual users and groups of personalized emergency information such as custom escape routes during a flood
- Create rich media based virtual tours of any geographical area
- Schedule rules based recurring messages, notifications and alerts
- Support for multiple indoor and outdoor locations
- Real-time user analytics and reporting for actionable insight

DimDrop provides geospatial mobile software solutions, cloud based Internet software development and technical + design consulting.

CO Vouch LLC – 2015
DimDrop is currently working with CO Vouch to create a means of tracking country of origin for various goods destined for U.S. ports and subject to U.S. Customs inspections. A mobile app is used to collect, transmit and save real-time location and product information throughout the product’s supply chain. Built-in reporting and analytics based on the location data are then used to provide evidence for country of origin, saving importers from very high incorrectly assigned import tariffs.

For over a decade, companies of all sizes in mission-critical industries – Financial Services, Healthcare, State/County/Local Government, Oil & Gas, Telecommunications and IT Services – have relied on Global IP Networks to keep their data secure and their networks functioning at peak efficiency. Why? It’s because we offer superior colocation services and support while keeping costs and complexity to a minimum. That offering, coupled with our commitment to safeguarding your trust, confidence and data, sets Global IP Networks apart from the rest.

As your business grows, Global IP Networks has the bandwidth to grow with you. Our facility can support colocation services and unrivaled support around the clock for any size organization. In addition, we can provide increasing layers of security as needed, as well as business-friendly amenities at our datacenter. In short, if you need it, we’ve got it.
It's easy to share and save notes
With SMART Notebook software, you can capture all of your notes, screenshots, images and videos to a single file. This content can be saved as objects and manipulated, reorganized and reused. You can also write and save digital notes directly into several software applications, including Microsoft Windows versions of PowerPoint, Word and Excel, Adobe Acrobat and Autodesk AutoCAD software. And, you can e-mail your files to students anytime during your presentation.

Past Performance

EMC, Big Data and ERP Implementation (2010 - 2015): Provided highly skilled staff members for Big Data implementation. Implemented full ERP and Predictive analytics on time and within budget. With implementation of the Big Data, EMC was able to provide On-Demand reporting for data centers and have successfully outsourced their production support services to our Houston Support Center.

Babcock & Wilcox, EPM Implementation (2009 - 2013): Primed on the project to implement Enterprise Performance Management. Implemented Planning and Consolidation on time and within budget. Softwares used were SAP, Microsoft and LUXON.

3M, ERP Implementation (2010-2015): Primed on the project to implement ERP, SAP HANA and EPM. Provided quality team to execute crucial tasks to perform worldwide implementation.

SAP America, Help desk and Staffing (2009-2015): Over the last 6 years, we have provided more than 500 consultants to SAP for key support positions. For the last two years, we have been servicing second level support tickets at our Houston Support Center.

PMI Training (2009-2015): Designed, developed, and delivered the highest quality project management training materials in over 3500 classes. Designed tools and simulation tests to help PMI examiners.

Differentiators

Experience: Founded in 2009, Principle Information Technology is a small business headquartered in Houston, Texas. Within just six years, we have created a proven track record helping our clients to capture, apply and organize their knowledge assets to address their most important challenges and promising opportunities. Our consultants are very experienced averaging 10-20 years in Advance Analytics, Cloud Services, Cyber Security and Operational & Analytical Reporting.

Innovation: Principle Information Technology pioneered advance analytics on real time reporting of Big Data. Our in-depth experience in software and hardware of high performance analytics has helped both private and public sector to identify risks, opportunities and better understand their customers, products, and partners.

Commitment: Principle Information Technology is recognized for our commitment to achieve the results our clients expect. We assign a senior member of our firm to oversee every project and we conduct our work collaboratively with our clients ensuring ongoing communications and to track our progress. At Principle Information Technology, we believe in a simple and direct approach.

**Company Profile**

**Vehicle warning devices**: LED, strobe & halogen warning lights that can be permanently or magnetically roof-mounted, concealed warning lights, remote-powered lights, directional lights, sirens, back up alarms and other types of safety equipment.

Our principal supplier Star Headlight & Lantern / Signal Vehicle Products has been in business for over 100 years and is recognized as a leading innovator of warning equipment.

For more information see their web site: [www.starheadlight.com](http://www.starheadlight.com).

**Emergency vehicle equipment**: vehicle warning devises, flashlights, back up alarms and sirens.

Austin Poma has operated as a HUB/WBE business since 2000 and prior to that as a HUB/MBE since 1986. Our TPASS vendor number is 17424032856000.

Star Headlight & Lantern Co., Inc. currently holds the Texas Smart Buy contract for Class 055-M3, Automotive Accessories for Automobiles, Buses, Trailers and Trucks.

Our customers include TXDOT, Texas Parks & Wildlife, Austin Bergstrom International Airport, University of Texas Fleet Maintenance, Hays County Sheriff's Dept., City of Taylor, City of Georgetown, Bluebonnet Electric Cooperative, Champion Site Prep, United Rentals and Ramming Paving.
IAQ-Energy Solutions, Inc. is a Texas Corporation. We have been selling, installing, and servicing Germicidal Ultra Violet lights in air conditioning systems here in Houston since 1999. Anita Young is the President and Financial Officer, Dan Young is the Vice President and Operations Manager.

Germicidal UV, also known as UVGI and UV-C, has been used to control micro-organisms for well over a hundred years. This highly effective disinfection technology has been used in HVAC systems since 1995 to clean cooling coils and A/C drain pans without the use of chemicals. UVC produces no harmful by-products.

The American Society of Heating, Refrigeration, and Air Conditioning Engineers (ASHRAE) has incorporated UVC technology into its HVAC Systems and Equipment Handbook (revised in 2012) and its HVAC Applications Handbook (revised in 2015). We follow all ASHRAE recommendations when specifying, installing, and servicing UVC lights in HVAC applications.

We have worked with many prominent organizations in Houston to install and maintain UVC systems over the years:

Houston Transtar to control biological agents in outside air;

Harris County Facilities & Property Management to restore cooling performance in aged Air Handling Units in courts, libraries, and community centers;

Houston Methodist Scurlock Tower – UVC installed in every AHU in 2001 and cooling coils are still performing “as new” over 14 years later;

Transwestern Property Management is installing Germicidal UV to maintain or restore cooling performance in Air Handling Units in Pennzoil Place;

UT MD Anderson Cancer Center uses UVC throughout its main hospital and satellite facilities to control mold and bacterial growth in their Air Handling Systems;

Hines Interests specifies UVC lights in all new construction of their Class A buildings;

Baylor College of Medicine uses Germicidal UV to control microbial contamination in laboratories and faculty areas.

We are grateful to have so many happy customers! We are always a phone call away to answer any questions you may have about germicidal UV technology.

Connie Gray | President of C-Ray Media, Inc.

Connie Gray has been involved in the energy sector her entire career working for many notable oil & gas companies before founding C-Ray Media. In her current role as President, Connie stays actively involved in the community and industry by contributing to many oilfield publications such as Offshore Magazine & OE and as a member of the Greater Houston Partnership, American Marketing Association & Women’s Business Enterprise Association. She also helps to coordinate the Flow Assurance Poster for PennWell every two years. To further her experience as a business owner she has attended both the Tuck/WBENC Executive Program - Tuck School of Business at Dartmouth and the Goldman Sachs 10,000 Small Business Entrepreneurship Program. Connie is very excited about the company’s 11th year in business and looks forward to great partnerships with future clients.

C-Ray Media, Inc.

C-Ray Media was founded in 2004. Throughout its 11 year history, the company has shown a commitment to customer satisfaction and creative excellence. We draw on our strengths in creative marketing and strategy to build great things for our clients. We have been consistently recognized by the American Marketing Association Crystal Awards for providing results-oriented marketing. This is made possible through our company culture of highly professional and dedicated employees. C-Ray Media is able to handle all aspects of our clients marketing needs, including:

- Market Planning & SWOT Analysis
- Graphic Design
- 3D Modeling & Animation
- Website Design
- Multimedia & Corporate Videos
- Tradeshows Management & Rental
- Promotional Products
- Event Planning

3D Modeling & Animation Highlights

- Extensive 3D library of generic stripped down models that we can use and customize to your needs to help keep your project cost effective
- Experience relating clients’ ideas into models & animations that can be used for a variety of applications such as tradeshows, presentations or viewing on the web
- Models that are both stunning and technically correct
- Bring to life ideas and designs that are either still on the drawing board or would be impossible or cost prohibitive to film in a real world setting
- Field Layouts
- Rig Fly-throughs
- Equipment Modeling
- Subsea System Visualizations
- Product Rendering
- Research & Development (R&D) Animations
- Interactive Training Tools
WHO WE ARE
Founded in 1990, Gilbreath Communications, Inc. is a full-service advertising, graphic design and public relations agency highly skilled in developing integrated strategies and tactics to meet client objectives and drive successful results.

Providing our clients with many years of excellent account service and solid strategic and creative executions, Gilbreath engages a staff and network of highly skilled marketing professionals and providers.

With a Houston headquarters hosting the majority of our clients, we’ve serviced clients throughout the region and nationally.

WHAT WE DO
Through our client experiences we have developed an expertise and established a proven history in creating and heightening awareness. Many times we have done this for clients with challenging budgets.

WHO WE SERVICE
Our services have crossed many industries and defined areas including: energy, education, transportation, environmental, sports entertainment, B2B, employment, health care, diversity and inclusion, and not-for-profit.

WHO WE REACH
For many years we’ve increased awareness while targeting a variety of audiences from ethnic to general market, seniors, youth, small and large businesses, male, female, and audiences considered unconventional.

[Performance Standards & Setting Expectations]

We personally sit down with our clients and key stake holders to do learn about their needs and perform Joint Requirement Planning prior to
implementing each project. JRP planning aids in the decision making process. During the JRP process we formulate strategies for achieving chosen
objectives, identify the scope of work, and obtain measurable results. We are affordable, easy to work with and take the time to truly understand
our clients and their needs, we work with organizations across multiple industries so we have a wealth of very diverse experience. We have worked
with clients in Government, IT, Healthcare, and Retail Sectors.

[Professional References] We are a company built on openness, integrity and character. Please email katelyn@luxurygoodscompany.com with any
inquiries you may have. We will be ecstatic to accommodate your request.

[About Our Principals]

Our main Principals are a dedicated Husband & Wife team. Naima C. Townsend, Masters of Education and Brandon S. Townsend Bachelors of
Science in Electrical Engineering.

Naima attended Prairie View A&M University and upon Graduating with her Masters of Education in 2005 she worked for Klien ISD then at Fortune
500 Company AT&T as a Technical Lead providing leadership, mentorship, and technical training to over 200+ employees before venturing into her
own successful business.

Brandon Townsend attended Prairie View A&M University and upon Graduating in December 2004 with a BS in Electrical Engineering in 2005
Brandon went on to work as an IT Analyst System Engineer at Fortune 500 Lockheed Martin contractor for NASA Space Agency.
2013 Brandon & Naima ventured into Entrepreneurship full time starting 2 successful companies.

Solutions are customized to meet your specific needs.

**Successful Projects**

A manufacturer recently asked us to develop a company mascot. We provided them with a custom penguin with a work shirt similar to the ones the workers wear in their plant.

A University of Houston college asked for a gift from the dean for his faculty and staff. We photographed the Muriel on the wall of their building and created a woven blanket/throw.

We placed the UH college logo on cowbells for their alumni group at homecoming.

We created custom cougar tails for a UH college alumni project.

**Company Background**

Kelley Promotions is a family owned business operating in Houston Texas since 2003. The motto for the company has always been: "We provide what you need, when you need it!" It remains our goal to bring our customers top quality service at a competitive price. The business was built on a philosophy of treating people as we would like to be treated. We have built the business on our reputation - nothing is more valuable than that.

This is not just a slogan for us, but a commitment to integrity.

Our customers have come to expect top quality products and service. We understand that the success of any advertising campaign rests on the shoulders of presentation and our products give you the tools to work with to achieve your goals.
Capability Statement

On-site and Off-site Shredding Services

SCOPE OF TASKS:
• Provide certified on-site and off-site shredding services
• Provide a variety of bins and containers based on client requirements
• Provide free locking containers
• Container scheduled servicing based on client requirements
• Certified Records Manager, Records Retention Requirements Certified

BUSINESS SUMMARY:
TSS is an industry certified AAA NAID-Certified secure document destruction firm. The company provides on-site and off-site document destruction. Also WBEA and HUB certified, TSS has won a significant number of small business awards for their growth and professional services in Texas. Responding to the growing threat of data breaches and identity theft, Texas Security Shredding has rapidly expanded its services and geographic service area.

We provide a wide range of secure destruction services to our clients, ranging from Fortune 500 companies to small local businesses and residents. We understand that our client needs and concerns vary; we are committed to tailoring your program to fit your needs.

CAPABILITIES:
• NAID AAA Certified
• NAID Certified Drivers and Operations Personnel
• MSA – Mobile Shredding Association Certified
• 35 years in Records Management and Destruction Industry
• HIPPA Certified Employees
• Certificates of Destruction with each Service
• Uniformed Staff, Continuous Safety Training, Cross Trained
• Secure, Locked Containers provided free

FACILITIES AND EQUIPMENT:
We provide two types of on-site shredding equipment. The high speed Hammermill shredding technology pulverizes and de-inks paper concurrently. This technology represents the state-of-the-art paper destruction which very few vendors currently offer. In addition to paper materials, our shredding equipment can shred hard drives, microfilm, magnetic tapes, optical disks, uniforms, license plates, pill bottles and ID badges.

We also provide incineration destruction, as specified by the client.
We offer complete security for all data-bearing material.

Items such as hard drives and tape media are processed based on our vendor’s specifications.

We offer two types of data secure processing: **data wiping** and **data destruction**.

**Secure Data Wiping** consists of eliminating all data by using the U.S. Department of Defense (DoD) Standard 5220.22-M (Sanitization) for hard disk data removal.

**Secure Data Destruction** is done by utilizing our in-house shredder to destroy the material.

**On-Site Secure Data Destruction** is done by use of our new on-site mobile shredder; we can provide this service at your place of business or school. This can increase security in some cases of laptops, motherboards, etc.

**Certificates of Sanitation or Destruction** can be provided based on the requirements of our vendors.

Capabilities Statement

Smart Waste, a woman-owned small business, specializes in biohazard waste services. With over 15 years’ experience in the waste industry, and engineering expertise in waste operations, treatment and disposal solutions, we have the technical expertise, environmental dedication and focus on customer service that our customers demand.

What Sets Smart Waste Apart? Why Choose Us For Your Biohazard Waste Needs?

- **Customer Service Experience** – We pay attention to details and your needs.
- **Flexibility** – We tailor services to your needs rather than forcing you into a set program.
- **Regulatory Compliance** – We are dedicated to doing things right the first time.
- **Honest Pricing** – We quote the entire price the first time. You won’t see added fees or random surcharges on invoices.
- **Fully Insured** – Our small company is ready to provide large services.
- **Training & Education** – Our seasoned trainers use effective adult learning tools to ensure comfort with regulatory requirements and processes.
- **We Care** - supporting the local community is important at Smart Waste. We donate 5% of profits to local charitable organizations and research initiatives.

Consuming IT. Focus on Your Business.

The challenges faced by today’s IT organizations are countless – and multiplying. How do you help your organization leverage new technologies to drive innovation and increase productivity while keeping the business running, all within your constrained time and resources?

Now is the time to transform your business. With the right partner at your side, you can become the powerhouse that propels the organization to new heights.

The ARC Difference

At ARC®, we believe it’s about understanding your specific need and meeting it with exactly the right solution, service or staff at the right time, every time. That’s what we’ve been doing since 1984 for hundreds of organizations across every vertical.

Our consultative approach sets us apart; we learn your objectives, challenges and opportunities, to keep us on target and ensure that we always equip you with strategic answers for your requirements.

Our pre-sales technical team will help you find the Data Center solutions that will give your organization the performance and scalability you need. We focus on what is important to you - the performance and delivery of your applications, and managing and securely storing your data.

Post-sale, our Field Service Engineers and Solution Architects are part of everything we do, from a small deployment to managing 30,000 systems a year. Whatever the job may be: you can count on our pros.
The GWH Quality Group is a Sole Proprietorship. Pam Gardner, President/CEO is a Management Consultant and serves as the primary trainer for the company. Capability Statement

Mission

LaneStaffing’s mission is to deliver innovative human capital solutions to our customers and world-class service in a way that helps them to control costs and increase employee retention and efficiencies.

Core Competencies

Lane Staffing is a privately held Texas corporation; our corporate office is located in Houston, TEXAS with Branch offices in Austin, Galveston, Dallas/Ft Worth, and Port Arthur/Beaumont, TEXAS. Certified as a HUB by the Texas Land and Procurement Commission and nationally certified as a minority and woman owned business, we are widely respected as a diversity vendor.

Since its inception in 2007, LaneStaffing has become one of the top 25 largest female minority owned firms in Texas. We currently work with 37% of the largest companies and government agencies in Texas. We offer a comprehensive suite of services and recruit and place associates in a variety of industries and job classifications; from construction and light industrial to administrative, engineering, medical and accounting. We are a full service firm.

The human capital solutions we develop are based on a complete and thorough understanding of our customer’s business needs and objectives. Our approach is to work closely with our customers to provide a customized solution that positively affects your overall labor management program.

Past Performance

We Offer Services For All Your HR Needs

**Staffing**
- **TEMPORARY PLACEMENT**: TKP staffs for short-term or long-term client needs. This service gives our clients freedom from managing unemployment claims, employment taxes, and any other Human Resource related issues.
- **TEMP TO HIRE**: TKP offers clients the ability to evaluate a candidate's work performance on a trial basis before hiring them full-time. This program allows our clients to extend employment offers with confidence and mitigate hiring risks.
- **CONTRACT STAFFING**: TKP provides staffing for particular assignments or projects for an established period of time. These contracts may have annual options for renewal and can be negotiated nationwide.

**Payroll**
TKP will handle every aspect of the payroll process. TKP assumes all legal obligations for payroll services, employees' wages, payroll deductions, unemployment insurance and worker's compensation.

**Background Services**
TKP provides drug testing and background screening upon client's request for all potential employees.

**HR Management**
We provide strategic partnerships with our clients to fulfill their human resource needs. We coordinate and manage all of your staffing needs through a single-point of contact through the following services:
- Employee Training Programs
- On-site management
- Vendor management
- Staff augmentation

“THE RIGHT FIT” For Your Business

Human Resources can be very expensive and time-consuming for your business. Topp Knotch Personnel can decrease your recruitment and employee benefit costs, reduce lost time due to absences, and eliminate turnover periods. We can fulfill all of your human resource needs while your senior management is allowed to focus on other tasks. We strive to be an integral partner to your business.

**We offer a highly competitive applicant pool**
At Topp Knotch Personnel, we ensure that each of our applicants is treated with respect, dignity, and kindness. Our staffing consultants communicate in-depth with clients to clearly understand their job orders. Positions are carefully aligned with an applicant's ability and preference. It is important for our applicants to have a positive experience throughout the employment process whether for temporary, contract, or permanent placement.

**Your Staffing Partner**
Topp Knotch Personnel works as your staffing partner by offering you sound solutions for your current human resource needs and helping you to plan for tomorrow. Before we fill a job order, we conduct a thorough needs assessment to better understand your company’s performance issues to ensure that we are delivering the perfect solution to meet your needs. We continue getting to know our clients through various on-site visits and performance feedback. While our associates are on assignment with your company, our staffing consultants ensure that your performance expectations are exceeded.

Company Profile

Founder & CEO Christy Prescott started CTP in 1991 as a one-location San Antonio venture. More than two decades later and still under Mrs. Prescott’s leadership, CTP has become one of the largest women-owned full service travel management companies in Texas and among the top 50 in the nation. CTP’s position in the marketplace is exclusively based on a commitment to excellence, the diversity of services offered and unparalleled customer service which allows us to be a comprehensive travel planning solution.

In early 2012, CTP came under the umbrella of Travel Leaders Group. Through this relationship with Travel Leaders, CTP has become a unique mix of local and global. Travel Leaders’ North America sales in 2011 exceeded $7 billion, from a network of 462 locations throughout the United States. Travel Leaders successfully partners globally in over 80 countries in 1,300 locations and has a global purchasing power of $19 billion. This robust purchasing power translates into strong negotiating leverage directly benefiting our clients. However, our CTP office has been independently owned and operated for 21 years and is staffed by 70 dedicated business travel professionals. CTP has deep and rich ties to the San Antonio, TX community while also maintaining a healthy $19 billion in global purchasing power – essentially giving our clients the “best of both worlds”.

Services

Corporate Travel Planner’s business expertise delivers bottom line results through customizable, scalable solutions, minimal management layers, and a client-centric culture. Our services include:
