2011 – 2012 TEACH Grant Application

DISCLOSURE STATEMENT:

The grantee must complete four years of full-time teaching within an eight-year period. Additionally, the teaching service obligation must take place in a public or nonprofit elementary or secondary school that is eligible for assistance under Title I of the Elementary and Secondary Education Act, as provided in section 465(a)(2) of the Higher Education Act. At the completion of each year, the grantee must submit to the U.S. Department of Education verification of his or her employment.

If the grantee does not complete the service obligation or decides during the undergraduate or graduate program that he or she does not want to continue, the grant converts to a Federal Direct Unsubsidized Stafford Loan that the student must pay back. The final regulations for the TEACH Grants allow for a six-month grace period between when a student's grant converts into a loan and when he or she must start paying it back. Interest on the loan starts accruing from the date grant funds were first disbursed.
