13. This instructor's demonstration of respect for students is

III. COMMENTS/SUGGESTIONS

14. What have you liked most about this course and why?

I think the lectures and discussions were engaging and meaningful.

15. What have you liked least about this course and why?

Lectures only taught us certain things holistically and the professor did NOT tell us which facts we needed to know for the tests. Studying a list of "possible" items (about 50-6) for a test we only need to know 12 items seems wasteful.

16. Other comments and suggestions.

Choice of "textbook" was poor because we were required to research possible test items! If an appropriate one were designated, instructor would be rated as more effective.

The excessively difficult grading system. This class requires more effort to do well than any other class I've taken, and it's not even a major-specific course.
