Message from UHPD: Register your bike!

Why should you register? Bicycle theft is a big business on college campuses nationwide. In recent years, more than 75% of owners who reported their bicycles stolen to UHPD did not know the serial number stamped on the frame of their bike. Registering your bike with UHPD helps to deter thieves and also will help identify your bike in the event that it is stolen. More information here: uh.edu/police/bike_registration.html
