

LEGACY DATA IN PS

We have converted legacy data to PeopleSoft; the information has been stored in a series of tables on the PS Reporting database. We have developed queries from these tables for quick reference; these queries have names equivalent to the Legacy screen numbers. This notice will walk you through accessing the tables and the queries. To access these tables you will click on GO, PeopleTools, Query, once the query screen appears place the cursor over the table and type in UHS, that will take you to the first listing starting with UHS, use the scroll bar to go to the first table.

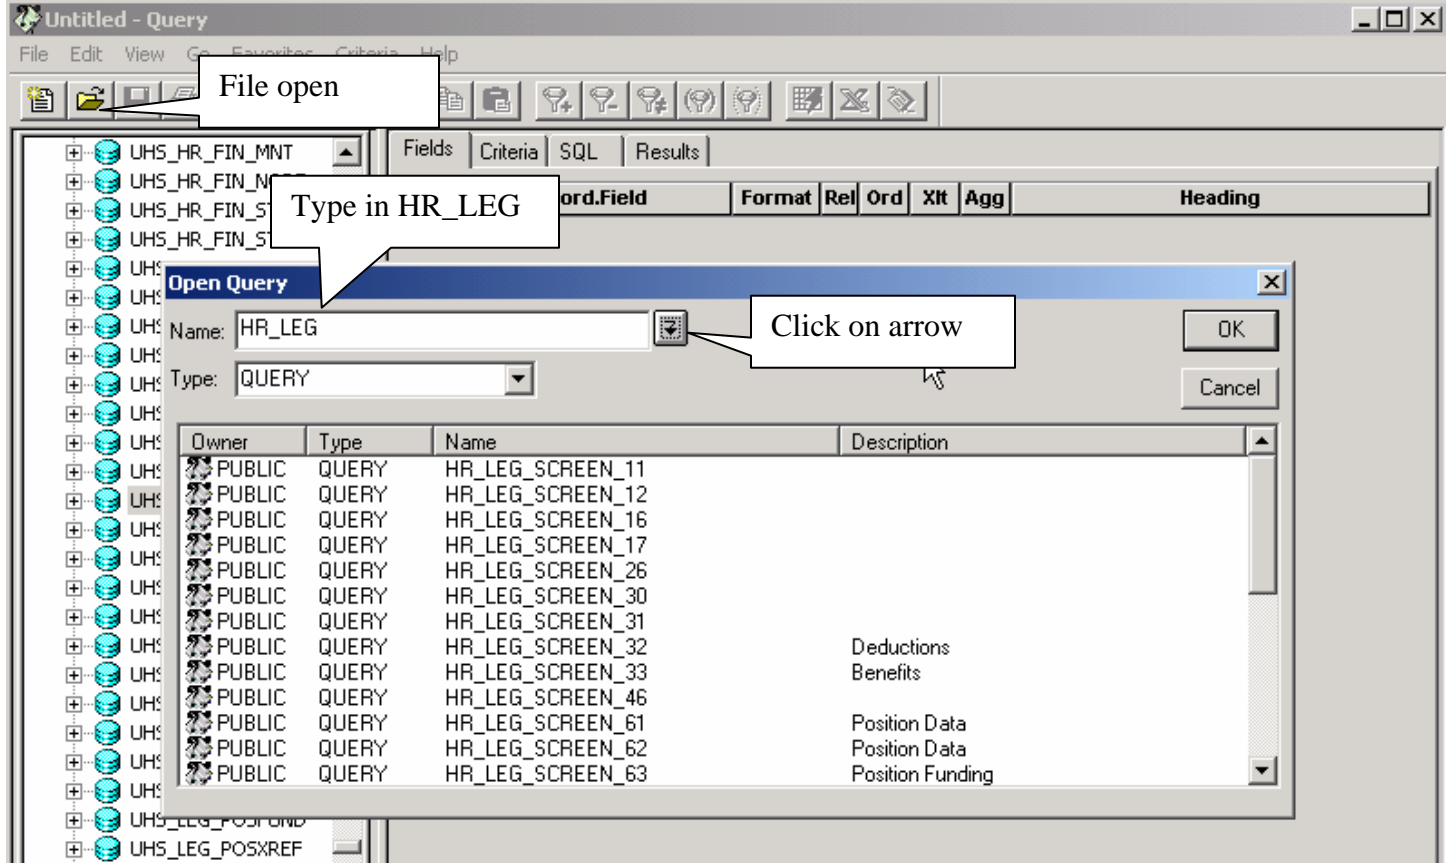

The following is a list of table located in the Reporting database.

- UHS_LEG_ACCUM
- UHS_LEG_BEN_DED
- UHS_LEG_COMP
- UHS_LEG_EMP
- UHS_LEG_EMPCAM2
- UHS_LEG_EMP_CAM
- UHS_LEG_ERNINGS
- UHS_LEG_HLTDESC
- UHS_LEG_INS
- UHS_LEG_JOB
- UHS_LEG_POS
- UHS_LEG_POSFUND
- UHS_LEG_POSXREF
- UHS_LEG_TAX

We will discontinue legacy effective May 1, 2003, please familiarize yourself with these PS tables. These tables will not have the PS employee ID number; the information was stored by social security number. We have a query you can use to search by social security number [HR_LEG_SEARCH_BY_NAME](#)

In addition to the tables we have queries that have been developed, they are titled with the Legacy Screen number they represent. To navigate to these queries, click on the file open button and type in HR_LEG, click on the arrow
