Getting Started With Blackboard

Blackboard Learn is the supported online course management system used at the University of Houston for course interactivity in a password protected environment. Blackboard Learn is designed to supplement and support face-to-face, hybrid, and completely online courses.

Features of UH Blackboard Learn
- User Authentication
- Calendar
- Email Messages
- Discussion Board
- Collaboration Tools
- Tests and Surveys
- Assignments
- Electronic Grade Center

Tools available with UH Blackboard
- Respondus - Quiz development software
- Turnitin - Plagiarism prevention software
- Collaborate - Web conferencing tools
- MediaSite - Lecture capture software
- Turning Point - Student response system (clickers)
- Respondus Lockdown Browser - To secure the quiz environment

Steps to get started with Blackboard at UH
Step 1. Request the use of Blackboard in AccessUH Blackboard TA & Course Requests or directly at https://crs.uh.edu.

Step 2. Get more information at http://www.uh.edu/blackboard.

Step 3. For personal assistance or to develop an Instructional Design and Course Implementation Plan, contact instructional designers in your college or in Faculty and Departmental Instructional Support at 832-842-2147, or by email to fdis@uh.edu. For more resources, check out http://www.uh.edu/fdis.

Blackboard Support for instructors is available 24 hours a day 7 days a week at http://uh.edusupportcenter.com or 844-570-6763.
