DON’T LET PHISHERS HOOK YOUR UH ACCOUNT

PROTECT YOURSELF

- Never respond to any email with personal information
- Be suspicious of all email messages, especially those with attachments you are not expecting or from companies you do not already do business with
- Do not click on links in messages. Type website addresses directly into your browser.
- Report suspicious emails to security@uh.edu

Official emails sent from the University of Houston to large internal audiences follow these requirements:

From: John Smith [uhcomm@uh.edu]
Sent: April 30 at 9:15AM
To: You [youremail@uh.edu]
Subject: Beware of phishing emails

PHISHING noun \f-shing\n
The practice of using fraudulent emails and copies of legitimate websites to extract personal financial data from computer users for purposes of identity theft
