1. The title sits in the upper left corner and includes the exact titles and dates from the chapter readings.
2. Your name sits in the upper right corner followed by your unit color dot.
   Tuesday = blue unit; Thursday = red unit
3. Submission date for the drawing sits under your name and next to the number letter of the drawing.
4. The primary source of the sketch sits in the lower left corner including the full name of the artist if known, the title of the work, in quotations, followed by a period. And the date or location of the artistic school if pertinent.
5. The secondary source (book, magazine, museum) of the sketch is in the lower right corner. The author with the last name first, (followed by a comma), then the author's first name (followed by a period). The book title should be underlined (followed by a period). The page number on which the art was found and the library call number and location of the primary source, e.g. the Metropolitan Museum, should follow immediately.
6. Labels should flank the figure on each side with identification of each item of clothing or accessory. The appropriate vocabulary and correct spelling from the textbook, (see glossary for aid), should be utilized. Always begin the identification with a noun, followed by adjectives if appropriate. See the sample plate for an example
7. Margins or defined borders should exist around the entire figure. These should measure approximately two inches. The bottom margin is more attractive if it is the widest.
8. Lettering should be printed neatly and evenly. This may require a straight edge or other assistance.
9. Artistry is the secondary skill. Learning to see and record what is seen, critically and insightfully, is your goal. All research; therefore, must be neat, and professional in its presentation as well as accurate in its execution.
10. Make an appointment with me to discuss difficulties as soon as possible so that you may achieve your best possible results. See WebCT Assignment Drop box for an example

GRADING CRITERIA: THESE ARE MY FEELINGS TOWARD PERFORMANCE REWARDS OR GRADES. FROM WEBSTER'S NEW COLLEGIATE DICTIONARY
GRADE, "A MARK INDICATING A DEGREE OF ACCOMPLISHMENT IN SCHOOL." A GRADE IS NOT A GIFT FROM THE INSTRUCTOR A GRADE IS EARNED BASED ON THE DEGREE OF ACCOMPLISHMENT OF VARIOUS TASKS RELATED TO THE COURSE WORK IF YOU HAVE QUESTIONS ABOUT AN ASSIGNMENT, ASK BEFORE THE ASSIGNMENT IS DUE. IF YOU HAVE QUESTIONS ABOUT AN EXAM, ASK ME DURING THE EXAM. IF YOU HAVE QUESTIONS ABOUT A GRADE ASK ME. WE WILL SCHEDULE AN APPOINTMENT TO REVIEW YOUR WORK. IF YOU HAVE QUESTIONS ABOUT THE COURSE IN GENERAL, IT IS USUALLY BEST TO ASK ME.

The time basis for the grade is the length of the semester. Assignments and papers are due as listed on the syllabus and may be submitted late with heavy point penalties described earlier. You will not be allowed to redo, rewrite or continue your assignments after the semester has ended. Some people do not work hard enough to earn the grade they want. This is your responsibility, not mine. Some people may not have the capabilities to do as well as they would like in a certain class. This may not be fair, but it is a fact of life. Some people have to work harder than others to earn a certain grade. This may not be fair either, but it too is a fact of life. Do your best and seek help from me or your classmates. The learning resource center or librarians can also be helpful.

**Costume History Web Page Update:** Instructions for access to assigned Costume History Web pages.

1. On any of the computers in the computer room start the computer.
2. Click on the Apple icon, first one on the tool bar in the upper left corner.
3. Choose Netscape Navigator from the top of the menu
4. After the connection is made in the address section of the window type "costume." or "museum" This will take you to the web pages which are the best web site line thus far. Be warned that the costume site often had tertiary information that is not adequately labeled or identified and therefore ineligible for your plate assignments
5. Click the word History. This will link you with most of the web sites concerning costume history on the web. It is conveniently divided into major eras i.e. Ancient Greek, Roman, Renaissance, etc.
6. Using an artist from the period that is listed in your bibliography or using an artist from a photographic reference in a textbook is an appropriate alternative.
7. Search to your hearts' content and have fun.
8. If you lose this information or don't have it with you when you are at the computer, use the search function and type in Costume History. One of the articles it pulls up should be the costume page which you can then click and link to the site. Note, violations, as listed in the required sources, affect the web research. Be particularly alert for tertiary choices which cost you a late and a redo to acquire any points. If there is no footnoting in the web page, it is not authenticated and viable as a source.
