Travel Arrangers/Assistants
If you want someone else (UH employee) to arrange or assist with travel arrangements, add the person in the “Assistants and Travel Arrangers” section.

Click on “Add an Assistant”

Type the person’s last name in the field highlighted below. Concur will give you a list of people under their last name. Select one. Select one of the boxes and place a checkmark. Then click on “Save”.
Note: This is not a delegation for someone to create a Travel Request or Expense Report on your behalf. You must notify AP Travel if you need a delegate to create a Travel Request or Expense Report.

**Credit Card(s)**

In the Credit Cards section, click on “Add a Credit Card” and enter the credit card information (optional). After you enter a credit card, most of the credit card number will be hidden. If you enter a credit card here, you don’t have to enter it each time you book travel through Concur. You can select from a list of available credit cards or enter another one.
After entering the information, click on the “Save” button.

Note: You may complete your travel preferences in this section. The information will be provided to CTP (travel agency) when you are booking your travel.

(2) **Sign up to receive e-receipts (optional).**

Many national vendors (e.g., hotel, rental car, etc.) participate in the Concur e-receipt program. When you use your UH Individual Travel Card or personal credit card registered in your personal profile, those vendors that participate in the e-receipt program can automatically send e-receipts to your queue in Concur. If you have an e-receipt, you don’t need a paper receipt.

On the Concur main page;

- Click on “Sign up here” for e-receipts.

- Click on “E-Receipt Activation”
Accept the agreement by clicking on “I Accept”.

You will get the confirmation indicating that you enabled e-receipts.

By downloading the Concur Mobil App, you can book travel, review your itinerary, capture the receipt photos and send them to your Concur access, or submit/approve Travel Requests and Expense Reports anytime, anywhere.
