Environmental Health and Risk Management office hours: Monday through Friday, 7:30 a.m.-5:00 p.m.

For assistance with a radiation emergency or incident during normal office hours call Environmental Health and Risk Management.

In the event of an after hours radiation emergency, contact the University of Houston Police Department. Environmental Health and Risk Management maintains an on-call mechanism to provide expertise in the event of an after hours situation requiring assistance.

Radioactive material spills and emergency information is available in the Radiation Safety Manual via the Internet at <http://www.uh.edu/plantops/ehrm>.

If you call after normal office hours about a non-emergency incident, you may leave pertinent information on Environmental Health and Risk Management's telephone voicemail system.
