# FY 2018 Additional One-Time Request

## Veteran Services

### Vision

UH Veteran Services will provide student veterans with the highest level of support and dedication, fostering personal growth and academic success through graduation and rewarding careers. In doing so, we will strive to be a benchmark institute and a leader in veteran support and advocacy.

As Veteran Services continues to see significant and steady growth in our military-connected student population served we will need to be staffed to accommodate and meet this new demand. We are requesting a 2019 base budget augmentation in order to hire a new full time Program Coordinator II. This additional full time staff member will allow our staff to continue to grow our services to adequately serve our military-connected population. It is our hope that we will be able to continue to serve our population while properly marketing, assessing and improving all our programs. The addition of this full time Staff member will ensure that we can continue to serve our Veterans, Military and their dependents. In order to hire this new Staff Member as early as possible, Veteran Services is asking for an additional One-Time request. This request would allow VS to hire and pay this new Program Coordinator from January 2018 through August 2018.
