The player jerseys must have clearly visible numbers on at least the back. Numbers must be a minimum of 8 inches on the back. If in the opinion of the referee the colors of the jerseys of the two teams are too similar, the home team is required to change.

Section 5. Player Verification & Team Roster. Players must have their college student ID ready to present before the game. The referees will be responsible for verifying the players’ college student IDs against their team’s league approved HCSC Team Roster and signing their initials by each player’s name. Section 8. Start of the Match. Match time is forfeit time, there is no “grace period”. All matches must start when scheduled. Teams not ready to play will have a forfeit assessed against them.

Section 9. Unlimited Re-entry Substitution. Players may enter and leave the match an unlimited amount of times when they are acknowledged by the referee.

Section 10. Conduct of players, coaches and spectators.

Section 10.1. All players, coaches and spectators are expected to conduct themselves with good sportsmanship before, during and after matches. Teams are responsible for the conduct and behavior of their players, coaches and spectators. The referee may take action against individuals and teams including suspension of the match if in his/her opinion they are engaging in conduct that is detrimental to the game.

Section 10.2. Referees will report any such conduct and action to the commissioner. The commissioner may impose further sanctions and penalties against the offending team including suspension of the team from the league.

Section 11. Ejected Players and Coaches

Section 11.1. Any player or coach ejected (red carded) from a conference match will be suspended for their team’s next conference match.

Section 11.3. A player or coach receiving a third red card in a conference match during the season will be suspended for the remainder of the conference season.

Section 11.4. If the season ends before the player’s or coach’s suspension is completed, the suspension will carry over to the next conference season.

Section 11.5. Individuals who have committed serious violations or consistently display extremely poor conduct may be suspended from the conference indefinitely.

Section 12. Inclement weather, unplayable fields, other circumstances.

Section 12.1. Every reasonable effort should be made to play a match even with inclement weather. Teams should *never* assume that because it is raining, their match is

automatically postponed. A team may be subject to a forfeit if they do not show up for a match even if there is inclement weather. Teams should prepare as though the match will be played as normal.

Section 12.2. Home teams with their own fields should check the condition of their field as early as possible on the day of the match to ensure that the field is playable. The game referees will have the final decision in determining if the field is playable.

Section 12.3. Home teams that use fields that are not their own should also check the condition of their field as early as possible on the day of the match to ensure that the field is playable. If applicable, home teams should be in constant communication with their field operator. Most times the field operators make the final determination if their field is playable. If not, the game referees will make the final decision.

Section 12.4. There will be a two (2) hour cut-off time before the scheduled match time before the referees may be contacted to postpone the match due to an unplayable field. If the match is not postponed before the (2) hour cut-off time, then the HCSC will be responsible for paying the officials regardless if the match is played or not. The official referee contact number is 832-640-1735. The league commissioner should also be contacted at 832-754-3033.

Section 12.5. Once the match starts, the referee will stop the game if the field is unsafe or if there is clear evidence that a thunderstorm is going to be around for hours.

Section 12.6. If lightning is seen and within thirty (30) seconds thunder is heard in the area, then

Section 12.6.1. The referee must stop the game for a minimum of 30 minutes. No one is allowed on the field during that 30-minute span. Participants must move to adequate shelter or their vehicles. Trees are not shelter!

Section 12.6.2. Each flash of lightning in the area restarts the 30-minute clock.

Section 12.6.3. Once it is evident that the match will not be started (or restarted) within one hour (i.e. the delay lasts more than an hour), the match is postponed.

Section 12.6.4. If the match is postponed after the second half of play has begun, then the match is considered completed, the score and match records stand.

Section 12.6.5. If the match is postponed before the second half starts, then the match will be rescheduled and it will be replayed in its entirety. None of the statistics from the cancelled match will count.

Section 12.6.6. If at any time the referee deems that the field is unsafe, Article IX Section 12.6.4 and Section 12.6.5 also go into effect.

Section 13 Forfeits.

Section 13.1. Teams should recognize the time, money, and effort invested in the scheduling of a match by the conference, by the officials and, of course, by the teams themselves. The two teams should make every effort to contact each other well before the match and keep in constant communication. Teams should be responsible and have their players leave as early as possible for their match. Heavy traffic, construction, or getting lost are not valid enough reasons to be late for a match and to avoid a team forfeit.

Section 13.2. A match that is forfeited will be recorded as 3-0 score for the winning team.

Section 13.3. A team that forfeits two matches will be dropped from conference play for the remainder of that season with no refund.

Section 13.4. A school team that is dropped from conference play due to forfeited matches will be placed on a probation status for the following HCSC season and will be so notified by the conference commissioner. The team must pay a probation fee of \$200.00 in addition to the regular entry fee by the entry deadline if they choose to enter the following season. The school team must complete their season on probation clear of forfeited matches to be removed from probation for the following season. A team on probation status that forfeits one match will be dropped from conference play for the remainder of that season with no refund.

Section 13.5. If a school team is dropped from season play while on probation status due to forfeited matches, that school team will be placed on suspension for at least the following HCSC season and will be so notified by the conference commissioner.

Section 13.6. A school team on suspension wishing to re-enter the conference must petition the conference commissioner for reinstatement to the HCSC after serving at least a one year (season) suspension and do so by at least April 15 prior to the upcoming season. The commissioner may call a vote of HCSC members to reinstate a school team on suspension. The school team on suspension may be asked to provide a detailed course of action of how their team will correct the actions that led to the team's suspension and how they operate their team in a manner that is acceptable within the rules of the HCSC. If the request is denied, the school team must wait until the conclusion of that season to request reinstatement and do so by at least April 15 prior to the upcoming season.

Article X. Post-Match Referee Responsibilities

Section 1. One referee is responsible for faxing or emailing the conference commissioner three sheets within two (2) days of the match; each team's HCSC Team Roster and Player Verification Form and the HCSC Score Sheet. The fax number is 713-221-8227.

Section 2. The commissioner will be responsible for providing league members updated results and league standings based on the timeliness of the receiving the score sheets.
