I. Course

A. Catalog Description
Critical analysis of the etiologies, effects, clinical assessment and treatment strategies of child abuse and neglect.

B. Purpose
This course provides knowledge about the etiologies and effects of child maltreatment, assessment, and treatment strategies. It includes content on practice skills related to child maltreatment, family preservation, substitute care, and permanency planning. Child physical abuse, sexual abuse, neglect, psychological maltreatment, and the consequences of maltreatment across childhood, adolescence and adulthood are addressed.

II. Course Objectives
Upon completion of this course, students will be able to demonstrate the following competencies:

1. Describe the definitions, history and theories of child maltreatment.
2. Identify the range of services available in child welfare, including gaps in current services.
3. Analyze the relationship between the stages of child development and child maltreatment.
4. Identify and assess the characteristics and dynamics of various forms of child maltreatment, including risk and protective factors, and their corresponding interventions for children and families.
5. Evaluate the social worker role and identify techniques for practice with resistant and non-voluntary clients.
6. Examine the effects of family structure, race and ethnicity, gender, social class, gender and sexual orientation on families and children, and apply this knowledge to practice.
7. Design assessment and intervention with children and adults experiencing separation as a result of child abuse and neglect, family
reunification, or kinship care.
8. Demonstrate the ability to utilize various systems and evaluate practice techniques to intervene with families who have experienced child maltreatment.

III. Course Content
This course will include the following topical (content) areas:

1. Historical Perspective of Child Maltreatment
2. Theoretical Overview of Child Maltreatment
3. Child Neglect and Treatment/Intervention
4. Neglect of Children’s Health
5. Child Physical Abuse and Treatment/Intervention
6. Child Fatalities & Medical Evaluation of Physical Abuse
7. Assessing Risks and Identifying Protective Factors
8. Sexual Abuse: Incest, or Familial Abuse and Medical Issues
9. Extrafamilial sexual abuse, misuse & exploitation
10. Sexual Abuse and Treatment/Intervention
11. Techniques for working with families as it relates to child maltreatment and intimate partner violence and substance abuse
12. Psychological Maltreatment and Treatment/Intervention
13. Overview of a local Children Assessment Center
14. Overview of Child Protection System and Legal System
15. Risk Management for Professionals Working with Maltreated Children and Adult Survivors
16. Cultural Competency in the Field of Child Maltreatment
17. Preventing & Reporting Child Abuse

IV. Course Structure
This three-hour class aims to provide comprehensive knowledge to students using didactic and discussion-based teaching. The course will primarily take place in person, where students will hear lectures from the professor and guest speakers, participate in class discussions and assignments, and watch videos and other media. The course will also include some online assignments and interactive discussions on BlackBoard. Students are expected to respectfully engage in thoughtful and meaningful discussion throughout the semester.

V. Textbooks

Required:

Recommended:

VI. Course Requirements

Assignments:

1. Participation
   a. In class/online assignments (15%)
   b. Pop quizzes (10%)
   c. Attendance (15%)

2. Individual Written Assignments
   a. Assessment (20%)
   b. Intervention (15%)

3. Group Presentation of Video Case Vignette & Written Summary (25%)

A Course outline with assigned readings from the texts, and handouts is included in the syllabus. A thorough understanding of the topics of discussion will require preparatory work.

1. a.) The classroom content will blend assessment and intervention techniques (received through lectures, readings, speakers, and videos) with the experiential to enhance assessment and intervention skills through in-class discussion, small group exercises, stimulations, and role playing. Because of this format, active presence of all students in class and keeping pace with reading assignments is critical to learning and to the effectiveness of the class.

   b.) Each unexcused absence will result in the loss of 5 points per unexcused absence from the student’s earned total points at the end of the course. If necessary to miss a class, it is the student’s responsibility to inform the instructor prior to the start of the class period. The third absence will result in the instructor’s recommendation that the student withdraw from the course.

1. a.) Each student is responsible for writing a 6-8 page assessment paper on a case vignette covered in assigned readings or handouts, in APA format that includes citations (reference page is NOT included in the page count). The paper should: 1. Be based on an initial assessment of the case vignette chosen; 2. Utilize four assessment tools (or a modified version of the assessment tools) and four theories; 3. Provide a summarized assessment of five risk factors and five protective factors; 4. Provide a summary of at least seven recommendations for services that your client will need to address the risks that are identified in the assessment paper. The assessment paper is due on October 6th and must be submitted via Blackboard Learn under the Assignments link.
2. b.) Each student is responsible for writing a 4-5 page intervention paper in (APA format) using the same case vignette chosen in the assessment paper. The paper should revisit the service plan from the initial assignment and write a more detailed intervention plan. Be specific on how to set up the service plan by including the problem, task, time frame, expected outcome, and what you are willing to do to facilitate the tasks on the service plan. In addition use at least two intervention models that are relevant and culturally competent to your case vignette. Note: cite intervention models mentioned in the 4-5 page intervention paper and add a reference page, which is NOT included in the 4-5 page count.

The intervention paper is due on November 10th and must be submitted via Blackboard Learn under the Assignments link.

3. Group presentation of video case vignette and one page and a half summarizing the case vignette chosen, (i.e. description of clients, assessment and intervention used with client). Divide into small groups of three to four people and choose a case or use a composite of the cases from each member’s individual written assignment. Select a target client (child, parent, family member, or perpetrator) with whom you will conduct an interview through role play, identifying risks or concerns and applying intervention methods. The interview can be one session or a view of different sessions. The video can start in the middle of the practice session. The case vignette video should be between 15-20 minutes, with each student role playing the “role of social worker” for 5 minutes. In-class time will be provided to work on video case vignettes.

The group presentation of the video case vignette is due on December 1st, and will be presented during that class time.

Students will upload their video onto youtube.com by utilizing the following account:

Username: childabusecourse
Password: abuseandneglect
Verification Code: 365959

VII. Evaluation and Grading
Scores from each assignment: (1) participation: in-class/online assignments, pop quizzes and attendance, (2) individual written assignments: assessment and intervention papers and (3) group presentation of video case vignette & written summary will be converted according to the grading distribution indicated above. The scores will then be combined and final letter grades will be based on the following grading scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>96-100% of the points</td>
</tr>
<tr>
<td>A-</td>
<td>92-95.9%</td>
</tr>
<tr>
<td>B+</td>
<td>88-91.9%</td>
</tr>
<tr>
<td>B</td>
<td>84-87.9%</td>
</tr>
<tr>
<td>B-</td>
<td>80-83.9%</td>
</tr>
<tr>
<td>C+</td>
<td>76-79.9%</td>
</tr>
<tr>
<td>C</td>
<td>72-75.9%</td>
</tr>
<tr>
<td>C-</td>

</tr>
<tr>
<td>D</td>
<td>64-67.9%</td>
</tr>
<tr>
<td>F</td>
<td>Below 64%</td>
</tr>
</tbody>
</table>
VIII. Policy on grades of I (Incomplete):

Please refer to the UH Graduate and Professional Studies Bulletin for the university policy regarding a grade of Incomplete (I). Incompletes will be given only in accordance with this policy. Assignments are due at the beginning of the class session for which they are due, as indicated in the course outline below. Late assignments will be reduced by 10 points for each day they are late. If late assignment is submitted by midnight on due date than only 5 points will be deducted. Please plan accordingly so that you are able to complete and submit your assignments on time, and inform me ASAP should any problems arise. If an emergency prevents you from attending class on the day an assignment is due, you must notify me prior to the class so that appropriate arrangements may be planned. An unexcused absence will also result in a grade of zero (0) on any in-class assignments administered on the day of the absence.

The grade of "I" (Incomplete) is a conditional and temporary grade given when students are either (a) passing a course or (b) still have a reasonable chance of passing in the judgment of the instructor but, for non-academic reasons beyond their control have not completed a relatively small part of all requirements. Students are responsible for informing the instructor immediately of the reasons for not submitting an assignment on time or not taking an examination. Students must contact the instructor of the course in which they receive an "I" grade to make arrangements to complete the course requirements. Students should be instructed not to re-register for the same course in a following semester in order to complete the incomplete requirements.

The grade of "I" must be changed by fulfillment of course requirements within one year of the date awarded or it will be changed automatically to an "F" (or to a "U" [Unsatisfactory] in S/U graded courses). The instructor may require a time period of less than one year to fulfill course requirements, and the grade may be changed by the instructor at any time to reflect work completed in the course. The grade of "I" may not be changed to a grade of W.

IX. Policy on academic dishonesty and plagiarism

Students are expected to demonstrate and maintain a professional standard of writing in all courses, do one’s own work, give credit for the ideas of others, and provide proper citation of source materials. Any student who plagiarizes any part of a paper or assignment or engages in any form of academic dishonesty will receive an “I” for the class with a recommendation that a grade of F be assigned, subsequent to a College hearing, in accordance with the University policy on academic dishonesty. Other actions may also be recommended and/or taken by the College to suspend or expel a student who engages in academic dishonesty.

All presentations, papers and written assignments must be fully and properly referenced using APA style format (or as approved by the instructor), with credit given to the authors whose ideas you have used. If you are using direct quotes from a specific author (or authors), you must set the quote in quotation marks or use an indented quotation form. For all direct quotes, you must include the page number(s) in your text or references. Any time that you use more than four or five
consecutive words taken from another author, you must clearly indicate that this is a direct quotation. Please consult the current APA manual for further information.

Academic dishonesty includes using any other person’s work and representing it as your own. This includes (but is not limited to) using graded papers from students who have previously taken this course as the basis for your work. It also includes, but is not limited to submitting the same paper to more than one class. It also includes securing another person to complete any required activities, assignments, quizzes, papers, or exams in an online course, or in any on-line environment. If you have any specific questions about plagiarism or academic dishonesty, please raise these questions in class or make an appointment to see the instructor. This statement is consistent with the University Policy on Academic Dishonesty that can be found in your UH Student Handbook.

X. Course Schedule and Reading Assignments  
(all readings & assignments are expected to be completed prior to class)

XII. Americans with Disabilities Statement

Whenever possible, and in accordance with 504/ADA guidelines, the University of Houston will attempt to provide reasonable academic accommodations to students who request and require them. Please call 713-743-5400 for more assistance. Instructors may not provide accommodations without supporting documentation from the UH Center for Students with Disabilities.
