I. COURSE:

A. Catalog Description: [Credit 3 (3-0)].

Knowledge and skills for assessment of clients at the individual, group, family, or organizational and community levels.

B. PURPOSE:

This advanced practice course prepares students to conduct assessments of clients at the individual, group, family, organizational and community levels. Utilizing a strengths perspective, it focuses on the collaborative nature of assessment and the design and implementation of assessments that include evidence based strategies.

II. COURSE COMPETENCIES:

Upon completion of this course, students will be able to:

- 1. Describe how assessment informs all levels of social work practice.
- 2. Delineate the tasks involved in the process of assessment.
- 3. Compare and contrast the differences and similarities between problem based and strengths-based assessment.
- 4. Discuss the collaborative nature of assessment and its relationship to social work values.
- 5. Determine the validity and reliability of different assessment tools.
- 6. Choose appropriate assessment tools for use with clients at the individual, group, family, organizational and community levels.
- 7. Explain how assessment methods are used in the evaluation of practice.
- 8. Utilizes culturally sensitive models for assessment of racial/ethnic minority clients, families and communities.
- 9. Demonstrate assessment skills that take into account special client considerations including but not limited to, race/ethnicity/social class, gender and sexual orientation.

III. COURSE CONTENT:

This course will include the following topical (content) areas:

- 1. evidence based methods/theories
- 2. individual, group, family, organization, community and self assessment
- 3. assessment tools

IV. COURSE STRUCTURE:

This course will consist of lectures, applied assignments, demonstrations, and in-class activities. All students are expected to participate and contribute to all course activities to gain the full impact of the material presented.

IV. REQUIRED TEXTBOOKS

Jordan, C. & Franklin, C. (Eds.) (2011). <u>Clinical assessment for social workers:</u> <u>Quantitative and qualitative methods (3rded). Chicago</u>: Lyceum Books, Inc. [ISBN: 978-1-933478-80-7]

Blackboard will also have more readings and all the handouts

Recommended:

Ragg, D. M. (2011). <u>Developing practice competencies</u>. A foundation for <u>generalist practice</u>. Hoboken: John Wiley & Sons

V. COURSE REQUIREMENTS

A. Reading Assignments: on syllabus due on date assigned, book and blackboard as well as handouts

B. Graded Assignments:

1. Individual Assessment and Treatment Plan (20%)

A case will be placed on Blackboard and you will develop your assessment from the outline practiced in class with a treatment plan, evidence based tools to measure the concepts. This will be during a class time. (use the rubric)

2. Self-Awareness (20%)

The assignment is designed to help students become aware of their issues from a variety of viewpoints. The genogram and eco-map with analysis will be minimum of three generations of your family with you being the third generation. The analysis of your issues as derived from your family dynamics is crucial for your professional growth. Use the questions to guide your analysis.

3. Family Assessment (20%)

Write a family assessment and treatment plan from one of the films (use the rubric):

2

Tortilla Soup, Soul Food, Big Fat Greek Wedding, The Family Stone, Thousand Acres, Marvin's Room, Hanging Up, Kramer vs. Kramer, On Golden Pond.

Use evidence based theory/model for the analysis. The analysis is no longer than 2 paragraphs and then the treatment plan, minimum of 3 goals. Identify the Evidence Based Tool for the family issue(s).

- 4. Community Assessment (30%) choose one
 - Analysis of your zip code; use the community rubric for the analysis format along with the community outline format from Netting reading OR
 - Individually, do three community assessments using community theory over two of the films listed and include an action plan, minimum of 3 goals.

Choose from the following: Schindler's List, The Color of Courage, Fiddler on the Roof, To Kill a Mockingbird, Mississippi Burning, Rosewood, Hotel Rwanda, A Birth of a Nation

5. Attendance and Participation 10%

Students are expected to attend the full length of each class session, to be familiar with the week's assigned readings, and to be prepared to constructively contribute to class discussion. Students are expected to notify the instructor if the class will be missed. More than 2 absences may result in being dropped from the course and/or a failing grade. Participation included in attendance.

VI. EVALUATION AND GRADING

A. Grading Scale:

Professionalism

Students will demonstrate respect for one another during class discussions and activities. Differences will be valued for the learning they generate. All information divulged during class exercises and assignments will be considered confidential. Cell phones are to be turned off during class; no texting. Lap tops are not indicated for use during this class but if you bring yours, please be respectful.

C. Incomplete Grades and Late Assignments

Students are strongly encouraged to complete assignments on time as a delay interrupts the process of this course. Late assignments, for any reason, require

approval from the instructor and may result in lowering of the otherwise earned grade.

If a student has a medical or family emergency that necessitates an incomplete then approval will be needed from the GCSW representative.

The University of Houston policy on Incomplete grades is:

The grade of I (incomplete) is a conditional and temporary grade given when students are passing a course, but for reasons beyond their control, have not completed a relatively small part of all the course requirements.

VII. CONSULTATION

As I do not office on campus, all appointments need to be made; use the contact information listed above.

Attendance Policy: Students are expected to attend all classes. A student who is absent from class more than two times may receive an unsatisfactory grade. Students are expected to contact the instructor if they are going to be absent from class.

Addendum: Whenever possible, and in accordance with 504/ADA guidelines, the University of Houston will attempt to provide reasonable academic accommodations to students who request and require them. Please call 713-743-5400 for more assistance.

NOTE: faculty <u>cannot</u> provide accommodations without documentation from the UH Center for Students with Disabilities. It is the student's responsibility to contact the Center for assistance.

POLICY ON ACADEMIC DISHONESTY AND PLAGIARISM

Although I do not expect to encounter academic dishonesty or plagiarism in this class, I want to be very clear about my standards. Any student who plagiarizes any part of a paper or assignment or engages in any form of academic dishonesty will receive an "F" for the class. Other actions may also be taken by the College to suspend or expel a student who engages in academic dishonesty.

Plagiarism: All written assignments must be fully and properly referenced, with credit given to the authors whose ideas you have used. If you are using direct quotes from a specific author (or authors), you <u>must</u> set the quote in quotation marks <u>or</u> use an indented quotation form. For all direct quotes, <u>you must include the page number(s)</u> in your text or references. Any time that you use more than four or five consecutive words taken from another author, you must <u>clearly</u> indicate that this is a direct quotation. Please consult the APA manual (5th edition) to determine the proper referencing format. Again, should you have any question regarding compliance, confirm with the APA manual.

Academic dishonesty includes using <u>any</u> other person's work and representing it as your own. This includes (but is not limited to) using graded papers from students who have preciously taken this course as the basis for your work. It also includes, but is not limited to submitting the same paper in more than one class. Finally, the University Policy on Academic Dishonesty can be found in your UH Student Handbook.

Assessment Guidelines

These assignments are designed to give you the opportunity to develop your assessment ability. In assessing one uses theory from all levels: systems, person in the environment, developmental theory, age related issues, issue related theory/information, and clinical theory. In the macro assessments, your ability to utilize the appropriate model/theory for agency/organization analysis and issue/community tools is also essential. Utilizing the instrument that gives best evidence based practice is the goal. The assessment for these assignments is longer than you will use in field as I want you to develop the ability to look holistically and all levels where as in field you need to have this information but you will narrow your assessment to the issue/area of the field agency. The ability to assess holistically is essential to building your clinical and critical analysis eye.

The assessment is approximately two paragraphs and then the plan is written.

My Philosophy

It is my philosophy that before one can effectively assess one must have "input" the data so integration of the knowledge is possible and a good "output" can be done. All readings need to be done ASAP. You will notice that most of the readings are in the first half of the class; this gives you time to digest the material before you begin to analyze for the 'grade.' I prefer you complete the readings way before then so your "light bulb" can be on and the writing of the assessments and demonstration of skill in the practice sessions has more meaning.
