From Prevention to Survivorship, Decoding the Breast Health Journey

This two-day conference is open to anyone interested in breast health in Texas - breast cancer survivors, healthcare professionals, advocates, educators, caregivers, & friends.

Continuing Education Units will be available for nurses, social workers, community health workers, and mammography technologists.

Visit www.bhctexas.org for complete details.

For more information about the conference, becoming an exhibitor or sponsor, or scholarship opportunities, contact Jenna at 713.777.3200 or jstreusand@bhctexas.org.
