

Job Title	Social Work Care Manager
Employer/ Agency	VillageMD
Job Description	<p>After decades of high quality primary care delivered in Houston, in 2013 Village Family Practice (VFP) partnered with VillageMD, a new value-based primary care organization. Together, we are committed to helping patients achieve even greater health by delivering the most effective, accessible, and efficient healthcare in the world. By working with patients, clinicians, payers, and other healthcare delivery companies, we're focused on optimizing relationships, capturing data across the healthcare continuum, and surfacing insights within clinical, administrative and financial workflows so physicians and operators can make the best decisions possible. Called VillageMD Houston (VMDH), the organization provides the tools, technology, operations and teams needed to drive the highest quality clinical results across a population.</p> <p>As an extension of the primary care physician's (PCP) care team, the Social Worker is responsible for providing a variety of services targeting patients identified as high-risk and/or those who are experiencing barriers to meeting their healthcare goals. Principle Social Work services include, but are not limited to, performing comprehensive assessments, developing patient-centered care plans, and providing episodic and longitudinal care planning. Integral to our Care Management team, the Social Worker will be responsible for addressing Social Determinants of Health (SDOH), addressing the behavioral health needs of patients and families and for monitoring behavior modification in high risk patients through empowerment and teaching of self-management skills. As a member of our team, you'll work closely with our care team to connect the dots of collaborative patient care.</p>
