Summer/Fall Renovation Work
The UC technology Support Office renovation was completed over the summer months. Projects that are up coming include:
1) To move the Legal Services office down to the former IT office, Room 278.
2) The expansion of the Dean of Students Office into the current San Jacinto Room. The “new” meeting room created with the UC technology Support renovation will become the San Jacinto Room as the DOS renovation takes effect. This is scheduled to take place in December 2007 and January 2008.
3) There is a small renovation in the Student Video Network (including the CEO space). These efforts are in conjunction with Marcella Leung from Campus Activities and SVN leaders. Funding is coming form SVN (SFAC). This should be completed by the middle of November.
