IV. Guest Speakers (Lorenzo Cano and Maria Jimenez)
   - Mr. Cano, Associate Director for the Center of Mexican-American Studies, thanked the members for giving them the opportunity to come to a meeting and explain the origin and significances of the UC Cougar Den mural.
   - He stated that the mural was proposed by the Mexican Youth Organization in 1973 to be painted in what is now the UC Cougar Den but at that time was the Mexican Youth Organization meeting place. The C.E.O. group requested the funds which were used and the mural was painted.
   - Ms. Jimenez, who was a student here then and instrumental in having the mural painted, informed the members that at that time there were only approximately 400 Mexican-American students at the university. Most were involved with the Mexican Youth Organization and felt that they needed to leave a legacy for future students representing the history and struggles of their ancestors. The mural went on to remind all of the struggles of many ethnic groups during that period in time.
   - The mural was given the name of “Chicano Student Mural” during the Chicano movement in the 1980’s.
   - Both Mr. Cano and Ms. Jimenez asked that all efforts be made to preserve the mural as part of this building when the UC goes through the upcoming projected transformation.
   - They also asked that they please be included in discussions with the architects/construction company on options available to preserve the mural.
   - Mr. Kowalka thanked them for coming and giving some insight on the mural and stated that consideration would be given to the mural. He said he would be in
contact with Mr. Cano when the time came to make a decision on the options available for the preservation of the mural.
