V. UC Staff Reports
Report from Assistant Director for Student Development (Keith T. Kowalka)
Welcome to UC Policy Board
• Mr. Kowalka welcomed new and returning members to the FY 2011-2012 UCPB. He assured everyone that this was going to be a very active and exciting year with all the plans being made for the University Centers.

UC Transformation Project Update
• The budget has been revised from $100 million to $80 million and changes were made to both the student fees amount and the allocation of space for different areas. Mr. Kowalka presented slides to point out the main changes being considered.
• A team of architects will be in the UC in a couple of weeks to have conversations with the different tenants and organizations so they can work out the spaces needed by each area.
• A team of UC Transformation Project committee members will be traveling to LSU in September to walk through their newly renovated Student Union.
• The project is still on track to break ground for Phase I in Spring, 2012

UC Budget Update
• The UC FY 2010-2011 budget ended in the black. We were able to complete projects, make scheduled repairs and purchase materials and still ended the year in the black.

Lynn Eusan Park Update
• At this time the UC is working with the Physical Plant to make some changes to Lynn Eusan Park to make it more student user friendly. The plan so far is to relocate some trees, level out the grounds and make a decision regarding the stage area changes.
• There is a budget of $200,000.00 or less. We would need to go to SFAC for any additional amount needed.

UC Down Under/Chili’s Too Space Update
• This area is being looked at to still be divided into two separate rooms. One for a student lounge and the other as a temporary meeting room.
• At this time we have only budgeted $50,000.00 for the total project since in reality the rooms would only be used until approximately May when the new transformation project begins. This may result in the new lounge space being tabled.

Report from Director (Cheryl Grew-Gillen)
Pigeon Removal Update
• Ms. Grew-Gillen reported that this project has been completed. This consisted of an installation of electrified material to discourage pigeons from landing on the banisters and the upper area of the arbor.
• A marked improvement has already been made but it will take probably another two weeks for all of the pigeons to leave the building.

Facility Management Update
• This is still an on-going move. The UC maintenance and housekeeping staff will now be reporting and working out of the UH Physical Plant, as of September 2, 2011 these persons will no longer be housed in the UC but they have not been instructed on where to report yet.

Display Case Update
• The display cases have been installed in the entrance walkway of the underground.
• Student organizations can reserve the displays from UC CARS office.

UCU Entryway Changes Enhancements
• The walls leading into the underground from the Arbor and the walls in the hallway in the underground as you come into the underground have been painted Cougar Red to enhance the entrance.

Report from Director (Lawrence Daniel)
UC Food Court TV, Student Leader Wall and Interactive Updates
• The TV’s have all been installed in the dining area and the student leader wall will be updated reflecting the new student leaders as soon as all pictures are available.
• Approval has been given for the interactive video walls both at the UC and the UC Satellite. Mr. Daniel is working with the company now on the upgrades that will be done to the walls before the actual installation. This project should be completed very soon.

Marketing and Event Updates
• The Cat’s Back event was a huge success on August 24th. Mr. Daniel thanked all who helped.
• The next event is the UC Welcome Back Event which will take place on August 31st.

UCEC Restructuring
• UCEC has been restructured to feature more student involvement to great success.
Report from Director (Marcella Leung)
• No report
