VII. Old Business

VIII. New Business
- The New UC – Building Naming
  i. Cedric Bandoh introduced this item
  ii. He requested that the board consider approving a resolution to rename the building to include the phrase “Student” (be it Student Center / Student Union, etc)
  iii. There is some background for this request
    • This building is supported mainly by student fees
    • Students led the entire process to this point
    • Students have remained a major force in shaping what we have.
    • A majority of our peers already include “Student” in their buildings.
  iv. There are also some roadblocks
    • This has been the name for some time
    • We also have a Student Services Center building, which might lead to some confusion.
  v. DSA is looking at development possibilities, but we are hoping to avoid this.
  vi. There are some potential names thrown out.
    • UH Student Center
    • UH Student Life Center
    • Cougar Student Center
    • City of Houston Student Center
  vii. Ideally there will be a resolution before the end of the semester so SGA can push this up the line if there is support.
  viii. The conversation moved toward the idea of having it simply named the Student Center or the University Student Center, or maybe the UH Student Center
  ix. There will be an eVote to finalize.
- UCPB At-Large Process
  i. Micah distributed potential applications for the UCPB At-Large Process, pending group approval.
  ii. The proposed due date is the 12th of April.
