HAPPY NEW SEMESTER!

Our hot summer hopefully provided some refreshing moments of rest and relaxation. While the weather may not feel fall-ish, we are in the zone for the fall semester at UH Sugar Land:

• Construction on the new UH College of Technology building is continuing, and a celebration for completion is being planned. You can follow the progress here, and to see the live webcam. With its 100,000 square feet of classroom and lab space, this building will be a significant addition to our campus and to our region through programs and partnerships. Stay tuned.

• This fall Starbucks is coming to Brazos Hall, adjacent to the multipurpose rooms on the first floor, and the Campus Bookstore. The UH Sugar Land Starbucks is scheduled to open in September. With its 100,000 square feet of classroom and lab space, this building will be a significant addition to our campus and to our region through programs and partnerships. Stay tuned.

• Our Strategic Planning committee is hard at work, and we have been working with the University of Public Affairs and will have more to share in the coming weeks. You can follow our progress, see our schedule and all documents we create here. We expect to review data, conduct focus groups and develop strategies over the course of the fall.

• Enrollment for UH Sugar Land for fall 2018 is nearly 2,500 students. That tells us what we’ve already known—Fort Bend County wants a Tier One University. Great things are happening and greater things are on the horizon.

Talk to you next month.

P.S. Check out our brief ‘Welcome back, Cougs!’ video, all part of the traditional UH Cougar First Impressions.

Jay Neal, Associate Vice President, Academic Affairs and Chief Operating Officer

About the University of Houston at Sugar Land
The University of Houston at Sugar Land is the only degree-granting public university in Fort Bend County. UH Sugar Land is student-centered, industry-informed and community-inspired. Our students are the driving force behind how we design, develop and implement our courses and programs. UH Sugar Land is one of the 100 best public universities in the nation and works in partnership with area businesses, as well as city and county leaders. UH Sugar Land is the only Tier One public university in greater Fort Bend County.

Unveiling the new College of Technology building is one of the most exciting moments in the University of Houston at Sugar Land’s history. UH Sugar Land is the only degree-granting public university in Fort Bend County. It will be the first time in greater Fort Bend County that a Tier One public university has opened a new building.
