

TO: Simon Bott, Chair
Undergraduate Council

FROM: Charles Peters, Chair
Degree Programs Committee

SUBJECT: Committee Report 3/09/2011

DATE: March 10, 2011

APPROVED MAR 23 2011

The Degree Programs Committee met on 3/09/2011. Attending were Roger Blakeney, Christina Gola, Rick Kasschau, Jarron Saint Onge, John Snyder, and Jerry Waite. Frank Kelley from the Bauer College of Business and Greg Weiher and Jerald Jackson from Political Science were guests. The Committee recommends Council approval of the following agenda items.

UC11116: Changes in the American Sign Language Interpreting Program

Students must maintain a 2.00 rather than a 3.00 GPA to remain in good standing and a C rather than a B is required in all prerequisite courses. The old requirements were modeled on those of COMD but are now believed to be inappropriate for a program with students who are not necessarily competing for graduate admission.

UC11118: Changes in the Minor and the B.A. in German Area Studies

The proposed changes offer more options for students without adding to requirements.

UC11119: Delete MUSI 4212 from the Bachelor of Music with Elective Studies Program

This change brings the number of required hours closer to 120. The program meets certification requirements and accreditation standards through other courses.

UC11270: Accelerated Courses INTB 3354 and INTB 3355

These two courses are open-Honors accelerated treatments of the subject matter of INTB 3350, 3351, 3352, and 3353. They may be substituted for the latter in upper-level Business requirements. Catalog changes reflect this option for general Business students and for students in the Global Energy Management Professional Program, the Global Energy Management Track, and the Global Business Minor.

UC11271: Changes to the Finance Major Degree Requirements

This catalog change reflects changes in the course inventory and makes more elective courses available to Finance majors. There is no increase in the number of required hours.

UC11272: Proposal for a Leadership Track in the Management Major

UC11273: Proposal for a Human Resource Management Track in Management

These are advising tracks only and do not lead to any kind of certificate, transcript notation or diploma notation.

UC11274: Changes to the Supply Chain Management Major Degree Requirements
Increases the number of elective courses available to students and incorporates changes in course numbers.

UC11275: Proposal for a Minor in Human Resource Management
Requires 15 advanced hours in Management, including MANA 4336 and 4338. Additionally, 9 hours must be chosen from a list of approved courses.

UC11276: Changes in the Supply Chain Management Minor Requirements
Incorporates course number changes and makes more elective courses available.

UC11282: Proposal for Changes in the National Security Studies Minor
This proposal would allow students to count no more than 6 hours applied to another major or minor toward the requirements for the National Security Studies minor. The catalog currently allows no more than 6 hours applied to another major.

UC11291: Addendum to UC11106: Changes in the Advertising Concentration of the VSoC
UC11106 has already been reported out by the committee. The original document inadvertently omitted COMM 4366: Advertising Account Planning from the list of required electives.
