Re: Undergraduate Catalog Subcommittee

RECEIVED NOV 16 2012

In our review of the Undergraduate Catalog, we determined that some areas of the text were in need of further discussion by the Student Success Subcommittee. We request that your subcommittee consider the following areas.

Academic Regulations > Examinations ** Amended, see UC 12324135*
(<http://www.uh.edu/academics/catalog/policies/academic-reg/examinations/index.php>) *for new language*

Discussion: This subcommittee requests that you review the language regarding exams being given outside the final exam schedule for greater clarity for students

Advising, Orientation, and Enrollment > Enrollment (Registration) > Class Membership

Discussion: This subcommittee felt that the last line under Class Membership would benefit from a clearer statement.
