SUBJECT: Subcommittee Report

DATE: October 18, 2013

The Degree Programs and CB03 -2 subcommittee met on 10/16/2013. Our guests were Bill Monroe, Christine LeVeaux-Haley, and Brenda Rhoden from the Honors College.

UC12341-13F: Minor in Leadership Studies

There are two minor programs at UH that are similar in name to the proposed program. They are the Organizational Leadership and Supervision minor in the College of Technology and the Leadership minor in Bauer College of Business. These are more narrowly focused on leadership in business and technology than the proposed program, which offers a more general and multidisciplinary study of leadership. The committee noted the absence of historical or literary sources in the proposal and was assured that such material might well be included in some of the courses listed in the component areas of the minor.

The proposed minor seems to be well structured and the committee recommends approval.
