**Note to student-veterans and dependents of Veterans:** As you may be aware, when a student-veteran has failed to maintain prescribed standards of progress, VA is informed promptly by the university, so that benefit payments can be discontinued in accordance with the law. Schools that provide a period of academic probation may not continue to certify a veteran or eligible person (who remains in a probationary status) for an indefinite period of time. It is reasonable to expect that an institution will report a termination due to unsatisfactory progress if a student remains on academic probation beyond 2 terms, quarters, or semesters.
