

Craft & Connect

- Join people who like to do all types of sewing and crafts - if you love making things from socks, fabric, yarn, beads, buttons, thread, etc., this is the group for you.
- When we meet, we show off the projects we've made, talk about our passion, and get inspiration for what to do next. All skill levels are welcome and beginners will usually be able to get helpful advice from those with more experience - only enthusiasm is required!
- The current group will decide on the projects for the next semester.
- Crafty Chatters will help ease the stress of school and work!
- Light snacks provided and you are welcomed to bring snacks to share with the group.

Date	Craft
February 2	Lace Paper Craft
