international technical internship program

Developing Your Global Skills
The technical market place is constantly changing...

...and continually growing. Just having a technical degree doesn’t guarantee you a great job. Round out your career by joining the quarter of a million students who have participated in programs offered by the International Association for the Exchange of Students for Technical Experience (IAESTE). For more than 50 years, IAESTE United States has linked thousands of America's brightest students with international employers such as Philips Semiconductors, DuPont UK Ltd., Volvo Car Corporation, Siemens, proDERM, and Texas Instruments.

“This program helps these students to gain life changing experiences both within and outside of their area of technical study while abroad.”

Dan Kelly, Evapco, Inc.

WHAT IS IAESTE INTERNATIONAL?

IAESTE is an international network that coordinates internships for students in technical fields. Since 1948, IAESTE’s combination of practical training and cultural immersion has prepared students for the challenges of the global marketplace.

WHAT DOES IT COST?

- Non-refundable $50 application fee ($35 for members).
- If matched to a position, students are then responsible for a $500 program fee ($350 for members) and a $100 deposit. The deposit is refunded upon completion of the internship and submission of evaluation forms.
- Students are responsible for airfare, incidental expenses including travel, visa and permit fees (if applicable), and insurance coverage.
- In return, your employer will pay you a salary that will cover living expenses during your internship; the amount varies from country to country.

WHAT DOES THE PROGRAM OFFER?

- Gain valuable work experience in an international setting.
- Improve your marketability in today’s competitive global economy.
- Network with leaders of top technical companies and like-minded students from around the world.
- Enrolled in a technical field of study (i.e. engineering, computer science, architecture, mathematics, or natural and physical sciences).
- Between the ages of 19 and 30.
- Fluent in English. Foreign language skill requirements vary by position. While most positions require only English, foreign language skills are preferred. International students studying in the United States are also welcome to apply to the IAESTE program.

HOW DO I APPLY?

- Apply online at www.iaesteunitedstates.org.
- Submit your application, along with a $50 non-refundable application fee ($35 for student members of IAESTE United States), between September 1 and January 1.
- In early February, applicants will receive a list of all IAESTE jobs abroad. They will select their top job choices and submit supplemental application materials, including a resume and transcript. Details about the supplemental materials will be given to applicants upon receipt of application and payment. Applicants are nominated to internships based on a competitive selection process.
