3. If you do not have an account with CASA, then you will need to go to the CASA website at http://www.casa.uh.edu/ and register to obtain your Log-in ID and Password. Click on “NEW USERS: Click here to register”.

4. After creating an account, students are required to visit CASA located on the second floor of the Garrison Gym, Room 222 to register their photo, UH CougarCard and fingerprint into the system. How to make a reservation to take an Exam?

1. Once you have access to the Online Scheduler, you will be able to make a reservation to take an exam at CASA - CBB.

2. Log-in to your Courseware account at http://www.casa.uh.edu/ , click on the course for which you want to schedule a test, click on “Proctored Exams” and select a date and time.
3. You will need to pay attention to which CASA location your exam will be administered at. If you are testing at the CBB (Classroom and Business Building) location, it will indicate CASA - CBB.

4. You will have approximately two weeks before the exam during which you can make your reservation. Reservations are on a first come, first served basis in the system. It is recommended to not wait until the day of the exam to make a reservation. If you are not able to make a reservation due to no seats remaining or a personal conflict, then contact your instructor as the testing lab will not be able to assist you with this matter.

Exam day Procedures:

1. Do not enter CASA – CBB if you do not have a reservation to take an exam because you will not be accommodated.

2. Make sure that you have your red UH CougarCard upon check-in. If you lost your red UH Cougarcard, then visit the Welcome Center to obtain a new one.

3. Check in begins 20 minutes before your reservation time until 15 minutes after their reservation time based on the front desk wall clock. Students who arrive more than 15 minutes late for their reservation will have missed their exam reservation. The student will need to check the online scheduler to see if there are any slots available to reschedule their exam, but this must be done outside of the lab to avoid disruption. If the student is not able to reschedule their exam reservation, then he or she is subject to the policy of his or her professor. There is a no stand-by waiting policy. Seats cannot and will not be added to an active reservation in the system.

4. Make sure that you know your Blackboard Log-in information. Multiple wrong attempts will lock you out of your account for 30 minutes. This may affect your exam time. You will NOT be able to log-in to your Blackboard account via https://accessuh.uh.edu/login.php. You will need to be able to log-in from the following url: https://elearning.uh.edu/webapps/portal/frameset.jsp.
