*Helping Campuses Thrive*

# Scope of Work

- Renovate Moody Dining to accommodate an incremental 1700 Residents (+ 254%) to 2800 Residents
- North Facing Elevation
  - Create new dining room access for Freshmen Housing projects
    - Remove current stair access
    - Build Pedestrian Bridge
    - Necessary to handle increase traffic from new housing projects
  - Augment natural lighting
    - Replicate window treatment and design from east end of corridor
- Roof Top Elevation
  - Relocate mechanical units from 2<sup>nd</sup> floor mezzanine level to roof top
    - Remove all satellite dishes from roof top, none currently in use
    - Cover new units to minimize visual impact
    - Will improve preventative maintenance and access
