Elwyn Lee – VC/VP, Student Affairs
Grover Campbell – VC/VP, Governmental Relations
Robert Wimpelberg – Dean College of Education
Elizabeth Anderson Fletcher – AVP Research
Keith Kowalka – Staff Council President

Agenda

Friday, August 6, 2010
E. Cullen, Room 226

- 1. Project Name: Protective Awning – SRI**
Presented by: Brian Lawrence & Thomas Doyle
Action: Approval location and design

This item requests the construction of a temporary structure to be located at the south auditorium' auxiliary exit stairwell and the main loading dock to create overhead protection from falling material from the building's roof soffits.

- 2. Project Name: Modular Office Park @ Energy Research Park**
Presented by: John Walsh/Sean York
Action: Approval of location and scope

The University of Houston has a number of renovation projects that need to occur. More are anticipated as the University undertakes critical deferred maintenance; addresses code compliance and Fire/Life Safety mandates; attempts to make better use of space; and works to accommodate growing programs, research needs and student support. Unfortunately the shortage of open or "swing space" makes these projects difficult. This project answers these problems by beginning to provide this "swing space" at the Energy Research Park.

- 3. Project Name: University Center Renovation and Expansion**
Presented by: Keith Kowalka
Action: Approval of location and scope

The University Center Transformation project is a response to the need to revitalize the current University Center facilities originally constructed in 1967, and which have not seen any significant renovation since opening the University Center Underground in the early 1970s.

- 4. Next Meeting – Tentative Schedule**

Date: September 10, 2010
Time: 2:00 p.m.
Location: Room 226 E. Cullen Building
