

**UNIVERSITY OF HOUSTON**  
**Campus Facilities Planning Committee**  
**Agenda Item Description Form**

1. **Item:** College of Pharmacy Site Approval
2. **Requesting Department:** College of Pharmacy
3. **Contact Names & Phone Numbers:** Emily Messa, 2-8184 and Spencer Moore, 3-2287
4. **Presenter:** Emily Messa and Spencer Moore
5. **Recommendation/Action Requested:** Site Approval

6. **Summary:**

The University of Houston plans to design and construct a new Pharmacy Building to support its academic and research programs. The new facility will provide a state-of-the-art infrastructure needed to increase Pharmacy student enrollment, faculty numbers, and research funding. The erection of a new building on the University of Houston's campus will allow the college to unify faculty and students currently housed in TMC and SR-2 under one roof, greatly expanding capacity to graduate highly trained pharmacy professionals and conduct pharmacological research.

The proposed multi-story building will be approximately 130,000 gross square feet (approximately 87,000 assignable square feet).

The new College of Pharmacy building will be located in the southeast quadrant of the main campus. This Professional Precinct includes the College of Optometry and the new Health & Biomedical Building. Site development in this area will strengthen the connection between the buildings, as well as enhance pedestrian circulation throughout the Precinct. The new building will be located to the east of the existing Optometry Building. Please see attached site plan.

7. **Proposed Start Date:** Upon Board Approval in February 2012
8. **Supporting Documentation Description:** Site and location plans

**PROPOSED PHARMACY LOCATION**
