1. Approval of Meeting Minutes from May 12, 2017 Meeting David Oliver

**2. Science Research 1 Exterior Façade Project Peter Saker, PBK
Approval Item**

In April 2017, the Committee reviewed a proposal to restore the façade of the Science and Research I building, which has significantly deteriorated, permitting water infiltration throughout the building and resulting structural disintegration and safety concerns.

**3. Gender Neutral Signage Jeanne LaMontagne
Information Item**

The Texas Legislature has approved a “Bathroom Bill” (SB 6) that may have impact on the University’s restroom, locker room, changing room, and shower room facilities. In 2013, DesignLab developed and presented for campus community review interior wayfinding standards. Gender Neutral sign types will be added to those standards. The proposed new standard will be submitted for committee comments at this meeting.
