Mr. Ken Oliver  
University of Houston

**Re: Science Research 1 Building Design Proposal**

Dear Mr. Oliver and the University of Houston Campus Facilities Planning Committee Members:

On behalf of the entire PBK team, we would like to thank the University of Houston for your consideration of our design qualifications regarding the Science Research 1 Building project.

On July 14, 2017 the Campus Facilities Planning Committee held a meeting in which the aforementioned project was proposed. Since the members did not meet quorum that afternoon, the design proposal has been attached hereto as an electronic submission.

We appreciate the opportunity to participate in your selection process and anticipate meeting with you soon to further present our qualifications. If you ever have any questions, or require further information, please do not hesitate to contact me at 713-965-0608.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Peter Saker', with a long horizontal flourish extending to the right.

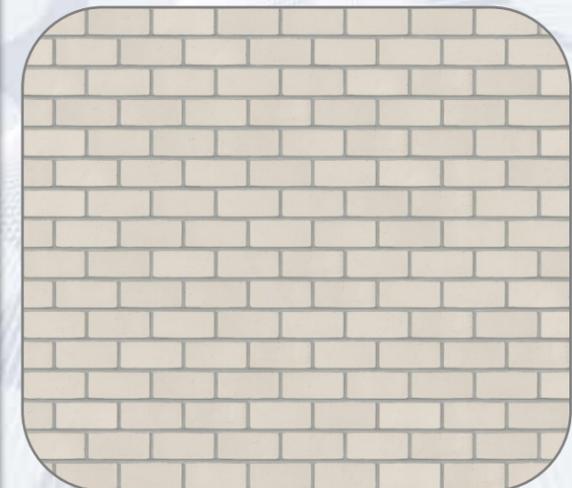

Peter Saker  
*Director of PBK Facility Consulting Group*
